

*With the current Covid-19 situation, we have implemented new guidelines designed to protect you. These protocols were developed based on the CDC and MN Dept. of Health guidelines.*

*By signing below, you acknowledge receipt of these guidelines and commit to following them.*

- A daily check in will be conducted prior to each day's session. Each participant or parent will self-report current health to include temperature checks, respiratory check and exposure checks. Forms will be filled out, including each participant and turned in to Community Education weekly.
- Participants cannot participate if they or anyone in their family is ill, has a temp. over 100 degrees, has been in contact with someone who is ill, or has had an exposure. Self-quarantine will be required for 10-14 days. (If you need to cancel due to illness, we will happily provide you with a makeup session, or account credit for a future class.)
- There will be a plan for check in at each facility to allow for social distancing.
- When possible, promoters will have a backup plan in case of instructor illness to allow for class/camp to continue through completion. Instructors who become ill during camp will be sent home and be expected to quarantine for at least 14 days.
- All staff and participants will follow the state guidelines regarding cloth face coverings.
- Should you or your child become ill *during* class, please leave early and notify us in Community Ed. You will be expected to self-quarantine for 14 days.
- No spectators allowed, parents will need to wait outside or at home for camp to end.
- Groups will adhere to the State guidelines regarding class size.
- Seating will be arranged to accommodate for social distancing.
- When necessary, participants should have their own water bottle, **clearly labeled with their name.**
- Participants will be encouraged to bring their own hand sanitizer.
- In general, we are trying to avoid having people share any type of equipment, tools or supplies. If it is necessary to do so, our instructor will provide hand sanitizer.
- Participants should wash hands with soap and water prior to coming to class/camp.
- Signs will be posted when possible regarding social distancing, proper respiratory etiquette, hand washing and healthy participation requirements.
- All surfaces and equipment will be sanitized at the end of each class.

By signing this form, you agree to follow all protocols outlined above. Thank you for helping us to re-open with safety guidelines in place, so that we can continue to join in community as lifelong learners once again.
