IB - International Baccalaureate Program

Douglas County High School began offering the International Baccalaureate (IB) program during the 2006-2007 school year. IB offers the most rigorous academic course of study available to high school students in the world. It is designed to develop outstanding communication, problem solving, and social skills, while encouraging active extracurricular involvement and service.

Students in the IB program must take 22 IB classes during their four years in high school. Douglas County High School is one of 34 diploma programs in the state of Georgia.

Magnet Courses

In addition to the following IB courses which are taken in grades 11 and 12, students take Pre-IB courses in grades 9 and 10. IB students may choose to take Advanced Placement (AP) courses as electives.

Magnet Program Admission Process

Students districted for Douglas County High School as well as students throughout the county may apply for the IB Program during fall of their 8th grade year. Students must begin the program in 9th grade.

Students are selected based on the following criteria: classroom grades, standardized test scores, entrance essay, teacher recommendations, and an interview.

The International Baccalaureate Program supports the inclusion of students with special needs for successful participation in the IB Program.
