Dear Upcoming Fifth Graders and Parents,

We are so excited to start a new school year with you in August! We will be departmentalizing which means you will have four fabulous teachers, not just one! Please check the website at HSES.DCSSGA.ORG to stay updated on all the latest news.

Here are some important things to make a part of your summer routine so you will be successful in 5th grade:

- Read, Read, Read EVERYDAY! (Chapter books, MyOn, magazines, newspapers, etc.)
- Study your multiplication facts 0-12 and be prepared to take multiplication quizzes when we come back.
- Write in a summer journal. Keep track of all your experiences, activities, travels, etc. This is a great way to work on grammar skills, spelling, and organization of ideas.

We cannot wait to begin the year with you! We look forward to a great year of learning and hard work. See you in August!
