Mr. Perry J Medina, Principal

September, 2021

Greetings Parents/Guardians,

First, I hope this letter finds you and your families well. Although we have not broken free from the pandemic entirely, we have learned invaluable lessons that will inspire success for the upcoming year. Your children, our students, will accomplish wondrous things and grow in ways we can be proud.

The staff here at Martin Luther King Jr. Upper Elementary School is motivated, well trained and prepared to service every student. As like with previous years, we will get right to work in September with programs and resources aimed at addressing the intellectual and emotional needs of each of our scholars. Thankfully, we have the resources and knowledge to encourage and sustain academic achievement. From the latest and greatest in literacy programs, to extracurricular activities like Esports and indoor soccer, we have the offerings to support your child completely. What's more, we will take from the innovative practices learned last year to build classroom environments that extend beyond the walls of MLKUE. Students will have opportunities to engage with learning wherever and whenever, bolstering the academic exposure necessary for development.

We encourage and anticipate your participation in your child's education and looking ahead, there will be ample opportunities to engage with one another to collaborate on rewarding experiences. On behalf of MLK Upper Elementary, I am eager, hopeful and confident that this year will be our best yet.

Sincerely,

Perry J. Medina
Principal
