For the 2021-2022 school year, we will be requesting health screening attestations on a quarterly basis (September 1, December 1 and April 1). We would appreciate parents submitting these for their K-6 students. They may also use these for Grade 7-12 students, however secondary students may complete their own attestation if the parent prefers.

I attest that I will be vigilant for assessing my student for COVID-19 symptoms (shown at right). I will not send my student to school in any of the following situations: (1) with symptoms; (2) if they have been in close contact with a confirmed COVID-19 case; (3) if they have been told to self-monitor, isolate or quarantine within the past 14 days due to concerns about COVID-19 infection.
