Bonded together as a whole, we can do many things. But taken apart, we can do very few. Unity is essential, then, in paving the road to the future.
No one tells me
What to act like
Or who to be,
For I can’t be
Characterized as
Anyone but me.
I must strive for perfection, to be true to my own ideals. I must set a good example, for people will look up to me. I must be the kind of person, that everyone will respect. I must lead, So that others can follow.
I cannot sit and wait for People to come to me. I must volunteer, support, And work with them. Only through involvement, then, Am I able to go to people And they will come to me.
We'll climb the mountains;  
swim the seas;  
Walk the country;  
fly the breeze.  
We'll dream many dreams  
and make them all come true  
And then we'll give them  
to the world,  
Entitled "Me and You!"
I am an individual who needs time alone to think, to dream; to discover myself.
I may not show moods
In my words,
Yet my triumphant smile,
   my disappointed frown,
   my knowing grin,
   my pondering gaze,
And so many more expressions say
just how I feel.
For a special person . . .

It is a rare individual who can care so much to give of themselves year after year. To devote one’s career in helping develop tomorrow’s world takes a person with loyalty, understanding, and, most importantly, love. There are few people who possess these outstanding qualities. To know and work with such a person is indeed a great honor. With our deepest gratitude, we dedicate this 1981 WAKITAN to Mrs. Cutler, Dean of Girls.
Activities

The true question in life is not only what we gain, but, most importantly, in what we become involved. For only through participation, may we broaden our thoughts and learn from our experiences. Learning is not found only in a class, but also in ACTIVITIES.
"I was really excited and I started to cry; I was just so shocked," Tracy Ulrich, 1980 Harvest Queen exclaimed. The student body elected Tracy queen from the eight girls chosen by C-Club. The traditional Dress-Up Day honored the Harvest Queen, Tracy Ulrich, and her court. The freshman class uncovered their school spirit by taking first place in the competition for best participation. The week came to an end with the burning of the effigy and a football game against the Columbia Hickman Kewpies. Junior Kristi Perriman commented, "Homecoming week went all right, but they should have picked an easier team for us to play!"
Seniors Take Game Title Over Jolly Green Juniors

Senior “Gators” swamped the Jolly Green Juniors in the ISHOHA games. The games, continuously interrupted by the combat between class mascots, created excitement for the student body.

The contestants, four per class, earned their way to the games by selling candybars. The top four people received the honor of being rolled around in tires, pushed in shopping carts, and competing in a game of “Simon Says.” The money was divided between the four classes.

Seniors once again took to the stage to perform in the traditional Senior Revue. Much time and effort went into the making of the show as acts and skits got together a month before it went on stage November 7th and 8th. Mr. Bergee, Ms. Manville, and Mrs. Thom joined up with the seniors to help organize and direct the show. Although the show consisted of a lot of work, it also provided a way to get to know others in the senior class.

Christmas Activities Raise Spirit; Baker’s Door Wins

Stories of Santa Claus climbing down chimneys, reindeer prancing on roof-tops, and sleigh rides through the snow made some peoples’ Christmas season, but not for the students attending Central. Many other activities occupied their time such as the sending of candygrams and Christmas cards. Mrs. Betty Baker’s room took first place for the best door decorations, while other doors and hallways also shimmered with colorful Christmas scenes. “Bruce and Ed’s Christmas Program” added a little life to the Christmas cheer, as they sang, danced, and made their viewers laugh. When the last hour bell rang, in the midst of the after-school hustle and bustle, the same phrase echoed through the halls, “Merry Christmas!”

The play told the story of a governess, Maria, who fell in love with Captain Von Trapp. Maria, along with the Captain and his seven children, fled from their homeland of Austria over the mountains to Switzerland. The musical, last seen on the Central stage in 1973, returned as the choice once again because of its popularity.

Central Participates in National School Lunch Week

What do tacos, hamburgers, pizza, and hot dogs have in common? The Central Cooks occasionally prepared each of these for the student body. Central participated in National School Lunch Week, and on October 15, every school in the United States served the same lunch of tacos and Spanish rice.

The custodians kept the school shining from the basement of the Freshman Annex to the third floor of the Main Building. Dirty floors, icy sidewalks, dusty chalkboards, and overflowing wastebaskets provided many tasks for them. Custodian Sue Ewing commented, "I love being around the newcomers while working in the Freshman Annex."

4. Mary Grantland and Carol Kargurth wash dishes before the busy lunch hour begins.

"I believe that the Career Center will be a great asset to our school. Not only the students, but also the faculty will now have access to the most current career materials available," stated Counselor Mary Jo Windsor. Students used the facility, located in the Counseling Center, and explored their interests and abilities in correlation with their future goals, dreams, and career plans. The center provided such materials as books, filmstrips, cassettes, and career files on occupations, and also a microfilm reader. Counselor Katherine Green stated, "Students are enthused about the program, and they are getting ideas for their futures."

Index-267
Another year has come and gone, and each person will move on in separate directions. However, traces of each individual are left behind to help build tomorrow's world. Only through unity, character, leadership, involvement, friendship, solitude, expression, and dedication may this be accomplished. Each person contributes to these things in his own way, developing his own personality while shaping his life as well.
The 1980-81 school year has ended, and once again, the WAKITAN Staff has produced another yearbook. We feel we have succeeded in producing a truly unique book centering on the most important quality at Central . . . you, the people.

Of course, the WAKITAN would have been impossible to complete without the assistance of some very special people. The staff would like to extend their gratitude to Mr. Bill Tarpley for all of his support and cooperation, Ron Fleckal and the staff at Bray's Studio for helping us with all of our photography work, Joe Fleming and Bob Gadd from the Intercollegiate Press, Mr. and Mrs. Bud Barr, our advisor and her husband, for their constant aid in . . . everything; and a special thanks to our Junior assistants, whom we would not have been able to do without.
