JUST FOR FUN.

In this school there's a man named Tedreaux,
And to learning he is a great feaux,
With the girls he's a beaut,
And they say, "Ain't he ceaut,"
As a midget he's quite the whole sheaux.

Another there is called Beaupeurt,
With the girls he's a terrible fleurt,
Wherever he goes
He wears loud hose,
A plug and a stiff biled sheurt.

A maiden fair named Michau,
One day a handsome youth sau,
When he began to propose,
She turned up her nose,
And said, "Go see my papau."

History of the Class of '09.

WHILE endeavoring to write the history of this most illustrious class, all modesty must be thrown to the winds. For it is our duty to write a true account, and how could this be accomplished without much praise for our beloved class—the class which was openly commended by the supreme judge of all our deeds.

When as Freshmen, we entered the portals of the St. Joseph High School, we gazed about us with eyes which saw dimly. There were doors here, steps there, and halls running in all directions. Truly, were we lost in our new surroundings. Theseus could have been no more bewildered in his labyrinth than we were on the morning of our initiation into the High School. How timid we were. We trembled with awe at the frowns of our teachers and we trembled with indignation at the taunts of the upper classmen.

But soon these turbulent times passed. We grew accustomed to the new routine of work, and determined to press forward on the road to knowledge, however beset by difficulties we might be. Our Caesars were much thumbed and our Algebras were torn to tatters, still we did not falter.

Yet to-day, after looking back on past difficulties we would wish them no whit less. For by them we have learned to conquer in spite of circumstances, and in overcoming all obstacles together, we have learned to have that feeling which is known as class spirit.

To us, praise for one means praise for all, and censure for one means censure for all. So we go through our school life bound together by ties of sympathy in a friendship which makes all trials more endurable, all joys more enjoyable.

So when on the field of contest, whether our boys gain or lose, they are always upheld by the cheers of their fellow classmen.

Moreover, though we are proud of our achievements in athletics, we are still prouder of the praise of our principal. For before the whole school, he announced that our classmen were more regular in their scholarships and that they had higher grades than those of any other class.

And after looking back with great pride on our early achievements, we think we are justified in looking forward to the future honors and to the great credit which the class of '09 shall shed on that great institute of learning—the St. Joseph High School.

EMILY WYATT, '09.
THE FIFTH PERIOD EATING CLUB.
Junior Officers and Executive Committee.

JUNIOR CLASS HISTORY

There have been classes and classes, but 1908 is a class which stands out before all the rest. Others have prided themselves for some certain reason, but we claim the sole honor of being an “all around class.”

A complete chronicle of all our achievements would fill volumes, but in this brief sketch we must content ourselves with a mere outline. As Freshmen, we first began to show that we were made of the right kind of “stuff” that goes toward building up a class. It was a source of great pleasure to the principal and the Faculty that at last a class had entered the High School which had not only brilliant intellect, but coupled with it eagerness and willingness to work and accomplish something. From our past record in scholarship we are confident that our final standard will be higher than that ever attained by any other class.

We also feel proud of our boys who have done so much to win honor for the school on the athletic field. On the track team for outside competition this year the '08 boys almost constituted a majority. We have men who have competed for the school, not only this year, but in previous years as well. Motter, McDonald, Norris and Zimmerman are among the old men, who have been devoting several years to athletics and we feel that next year the boys of '08 will win victories for Old High, and give her the rank she should have among the schools of this and surrounding states.

The good-fellowship among its members is another feature of our class. Class spirit is intense, and we stand together on class issues. During the past year we gave two parties, to the latter of which the Seniors were invited. Both were great successes and we believe helped us in our mutual relations toward one another.

But I must close, as the space is limited, so with best wishes to our departing friends, the Seniors, we wish ourselves a hearty good luck.

—'08.
'07 CLASS SONG

(Tune Dixie.)

I'm glad I belong to nineteen seven,
I feel quite sad for nineteen 'leven,
Hooray! Hooray! Hooray! Naught seven.
With us no others can compare,
For, io, we have the Bartlett pair.
Hooray! Hooray! Hooray! Naught seven.

CHORUS

I'm glad I am a Senior!
Hooray! Hooray!
St. Joseph High School shines so bright,
Because naught seven is her light.
Hooray! Hooray! Hooray! for naught seven.
Hooray! Hooray! Hooray! for Naught seven.

Yes, naught-six was all O. K.
But then naught six has had its day,
Hooray! Hooray! Hooray! Naught seven.
And naught-eight may take a cake,
But now, naught-eight is not awake.
Hooray! Hooray! Hooray! Naught seven.

CHORUS

What other class can look toward
A president like Shackelford?
Hooray! Hooray! Hooray! Naught seven.
And there stands Nelson fresh and fair,
With sky-blue eyes and yellow hair.
Hooray! Hooray! Hooray! Naught seven.

CHORUS

For pretty girls no class can vie.
With naught seven our standards high,
Hooray! Hooray! Hooray! Naught seven.
We have Lomax, the crack athlete,
With whom none else dares to compete.
Hooray! Hooray! Hooray! Naught seven.

CHORUS

In basketball we always win
Each single game which we go in.
Hooray! Hooray! Hooray! Naught seven.
There's Binsie, Gregg, and little Tedrow,
But he, we think, perhaps will grow.
Hooray! Hooray! Hooray! Naught seven.

CHORUS

In football, too, the school relies
Upon our class. We take the prize.
Hooray! Hooray! Hooray! Naught seven.
At lessons, too, we're very wise,
Our fame has risen to the skies,
Hooray! Hooray! Hooray! Naught seven.

CHORUS

So altogether we're right there,
Our maidens are surpassing fair,
Hooray! Hooray! Hooray! Naught seven.
Our boys are heroes, every one,
And all of us are full of fun.
Hooray! Hooray! Hooray! Naught seven.

CHORUS
SENIOR CLASS HISTORY

FOUR long years ago, we entered the High School. It seemed quite an event to us, but the upper classes soon taught us that we really were of no importance at all; why, we were merely Freshmen! We were, on the whole, quiet well behaved Freshmen. When we earned the title of Sophomores we showed what was in us, that we were not like other classes. We won the Basketball Championship and, what is more, resolved to keep it. Throughout our sojourn in High School we could not help noticing with how much more respect we were treated after this event.

In our Junior year, we attained the goal of our ambition, class organization. We selected officers as follows:

President, Frank Shackelford; Vice-President, Vera Chittenden; Secretary, N. J. Lomax, and Treasurer, Wiley Mitchell. During this year, we gave two very successful parties, one at Thanksgiving and the other, a Valentine party to the Seniors. Again we gained the Basketball Championship. How proud we were!

At last, we are dignified Seniors, people of importance. We re-elected the officers of last year with the exception of Treasurer. Mildred White is now our Treasurer. Our first party this year was given at Hallowe’en, and was a very enjoyable affair. Again the Basketball Championship is ours, and so we have not broken the resolution made in our Sophomore year, to keep the Championship, but then this was no New Year’s resolution! We now have to think about our Senior essays, but our thoughts were turned away from them for a time by the delightful party given to us by the class of ‘08. This we greatly appreciated. We are very proud of the fact that it was a Senior boy who won three-fourths of the points that gained for us second place at the Missouri Valley Meet this year. Looking back over our four years of intermingled work and pleasure, we conclude that, without a doubt, ours is one of the most remarkable classes that has ever graduated from High School. The lower classes would do well to follow our example, not only in scholarship, but in athletics and sociability as well.

APHRA KESSLER.
The sweetest girl in all the land

Is the girl of nineteen seven;
The fairest work of the Father's hand

Who made the stars in heaven.

Here's to the "sweet girl graduate,"

Her praises loud we sing,

Your hearts to her capitulate,

To her your homage bring!
DEEDIE AUSTIN

"Great feelings hath she of her own, which lesser souls may never know."

Deedie has always lived in St. Joseph; she can trace her ancestry back to the Mayflower. Neither dancing nor a good play appeal to her half so much as an interesting book. Mathematics, especially solid Geometry, she says caused her the most trouble. Her highest aim in life is to give tramps something to eat. This is quite characteristic of kind hearted Deedie. Next to herself, she would like to be a favorite near relative of John D. Surely you’re not mercenary, Deedie?

JOHN C. BEAUPEURT

"Whoso findeth a wife, findeth a good thing, and obtaineth favor of the Lord."

John C. (Buck) Beaupeurt, born in Buchanan County, October 12, 1889, is a direct descendant of Napoleon Bonaparte, although in the wear of time the spelling of the family name has undergone a slight evolution. John is not addicted to any bad habits (for a Frenchman), his greatest failing being his "lady-killing." Beaupeurt has taken part in athletics, basketball being his favorite. He expects to enter Missouri University and intends to qualify himself as an Engineer. He says he is not yet engaged to anyone, which is probably very true. He did not state, however, how many he is engaged to, and it is doubtful whether he himself knows.

P. BETHINE BARMAN

"Soft is the music that would charm forever."

Frankie Bethine Barmen, otherwise known as Betsy, Beth, or Bean, was born March 11, 1888, in St. Joseph. If you should be so fortunate as to meet her, you would know her the next time. Just remember that soft brown hair, and those large blue eyes. Her highest ambition is to become a musician. We are left in darkness as to her love affairs, but take heed, boys! She’s sweeter far than some, for when she speaks she talks no slang, and chews no chewing gum.

EVANGELINE BECKWITH

"Oh, most delicate fiend. Who is’t can read a woman?"

Eva entered this life April 27, 1888, at Defiance, Iowa, and immediately developed great conversational powers. While young she went to Japan, where she spent three years, and then followed a very ubiquitous career throughout the "wild and woolly west." Among her accomplishments are dancing, swimming, and riding, not to mention her skill in speaking French. Her hobby is wearing athletic medals, though we are at a loss to understand how she gets them.
CAROLINE E. BECKER

"Silence is the perfectest herald of joy; I were but little happy, if I could say how much."

"Carrie," one of the smallest as well as brightest members of our class was born in Omaha, Nebraska, November 8, 1889, but has spent most of her life in Mt. Pleasant, Iowa. She has light hair, blue eyes and weighs only ninety-seven pounds. She does not believe in dancing or theatre going, and her favorite occupation is daydreaming, of whom she neglects to say. Is a Republican. Her highest aim in life is to be useful, of which we have no fears; will enter Wesleyan University next year.

KATHERINE MARIE BISER

Marie was an artist, An artist good was she; Of all the '07 artists The best was Kitty Marie.

"Kittie" first saw the light of this blessed planet in the city of Las Vegas, New Mexico. She can trace her ancestry back to a time when people didn't always wash their faces (to about 1906 probably). Scotch, English, German, French, and Irish blood courses through her veins. Answers to the names of Katherine, "Kittie," "Kit," Marie, Katrina, Topsy and Sis Hopkins. Her favorite occupation is dishwashing. She doesn't bet or gamble, and hasn't smoked in this world, but is not so positive about the next. She intends to become a great artist, but doesn't know how soon.

MELVIN BINSWANGER

"The good-natured man."

Melvin, one of the most popular boys of the class, was born in St. Joseph, September 9, 1889. He says his favorite amusement is athletics, and it should be, for he certainly shines there. He intends to do anything that turns up, and his greatest aim in life is to be respected by all. He entertains the same political sentiments as his father. In his opinion, '07 is a class of which anyone ought to be proud to be a member. Maybe this explains why the class is proud of him.

SIDNEY HELEN BOTEKER

"A woman worthy of esteem."

Sidney Helen Boteler first gladdened the hearts of her fellow-men by coming to live with them on October 21, 1890, in this city. Most of her life has been spent in Maryland. She is a descendant of the LeBouteller family and can trace her ancestry to the Norman Conquest. Miss Boteler is an active member of the Dianthan Society, and took part in Tennyson's play, "Enid and Geraint." Although not quite decided she hopes to take up her studies again next year at Vassar.
STELLA LOUISE BROKAW

"A child of her grandmother Eve."

This ubiquitous maiden was born February 5, 1889, at Beloit, Wisconsin, and has lived in Omaha, Fon du Lac, Chicago and this city. In spite of the fact that her favorite play is "Ten Nights in the Bar Room," she prefers soda pop to all other liquids. She is a disciple of Diogenes, i.e., looking for an honest man. She intends to teach school next year.

ALBERT LONG BARTLETT

Philomathic

"Full well they laughed with counterfeit glee
At all his jokes, for many a joke he had he."

This "joker" made his first hit in the world February 28, 1890. He has spent his life wherever there are ladies. He says kissing is his favorite amusement, and doubtless he knows best. "Al" has displayed great histrionic ability by his acting of the role of "Bob Acres," in "The Rivals." He has likewise won fame as a tennis player. His highest aim in life, he says, is to be a balloonist, and we agree with him, that this is a very high ideal.

LOIS MARGARET BUTLER

"Of sweet and gentle grace and unassuming mien."

All Livingston County still remembers August 3, 1891, when Lois Margaret Butler first made known her arrival. At an early age she came to St. Joseph, where she has spent her life. Lois is quiet and unaffected, a member of the Second Presbyterian Church, and an ardent Republican. She will not tell whether or not she is engaged, but it is thought she is not, as she has all the tendencies of a man-hater. Her highest ambition in life is to "paint cobwebs on the stars." She was enrolled in the Commercial Department, but has not decided on the line of work she will take up.

FLORALOU SCOTT BREWSTER

It was on the 18th of February, 1889, that St. Joseph first beheld Floralou's presence. She says that she can trace her ancestry back to the royal family of Stuarts. The theatre and roller-skating are her amusements. She has Democratic tendencies, and does not belong to any church. She hopes to enter the National Cathedral, at Washington. The goal of her ambition is to be presented before the world as an accomplished musician.
BENJAMIN HORACE CODY
Philomathic
"Buffalo Bill" gave his first warwhoop on the 11th of October, 1888, and we can guess from his present lung capacity, that it was a good, loud one, and must have been heard, not only in Memphis, Missouri, but for miles around. His gentle disposition, however, has allayed the fears of all his friends, and he has many; but there still seems to be a lingering taint of barbarism in his veins, for he openly avows himself to be an anarchist. His intentions for future occupation he says, are "C. E.", which we take to mean either Christian Endeavor or Civil Engineering, probably the latter, for he will attend Missouri University in the Fall.

FLORENCE LOLITA CROWTHER
"After the fire a still small voice."
Florence Lolita is one of the meekest of our class, though we believe that "Silence is Golden." Though born in New Mexico she has spent her life here. She intends to be a teacher, and will take the teacher's course at Maryville Normal. Her highest aim is to be a chemist, at which she would no doubt make a great success, judging by her excellent work in chemistry. Does not even consider the question of love.

WILLIAM N. BARTLETT, JR.
A. N. P.
I know that such a sinner
As I feel myself to be,
Should scarcely hope to enter
A bliss eternity.

William is one of the youngest members of the class, for he didn't see this blessed light till the twenty-eighth of September, 1891, in Joesville, on the Mizzury, as "Bill" would pronounce it. He is very mixed in ancestry, having Irish, English, Scotch, German, and Danish. He traces his lineage back to his grandfather. His favorite amusement is drinking milk. He intends to enter Yale at some future time.

HARRIET LOLA CASSEL
Lola first entered into the joys and cares of this life in St. Joseph, on the second day of March, 1890. She goes by a couple of aliases, "Cotton" and "Gyp." She states positively, that she has no vices. As left guard, she assisted in carrying the girls' Basketball team to victory. Her ambition is to be a newspaper reporter, and we wish her every success.
VERA OFFUT CHITTENDEN

Cio

"Wisdom, beauty, kindness embodied."

Vera Offut Chittenden was born at Fairfax, Missouri, though most of her life was spent elsewhere. She is very patriotic, being born on July 4, 1888. Vera is our class beauty, and very well deserves this honor. She says she has green eyes; this is explained by the fact that she has Irish blood in her veins. She is also of Welch, English, and German descent. Her favorite song is sung to the tune of "Mary had a Little Lamb," as heard on the Columbia trip. She says Sunday afternoon driving is her favorite sport, and her favorite fruit is a species of the "Bartlett Pear." She is one of the most popular members of our class, and has ranked very high in scholarship, also representing the school at Columbia in the State Essay Contest.

EDWARD HENRY ECKEL, JR.

"You wondered, by gum! how there was space in that bosom of his to hold such a base."

"Stumpy" was born in New Port, Delaware, in the early '90's. He spent his early life in various Eastern States, but finding it too tame he ventured West about three years ago and joined '07. "Eck" immediately took a liking to the "Green" people in this part of the country, and has determined to enter the State University next year. Edward is an active member of the Alpha Nu Pi Society, and circulating manager of the Forum. He is also interested in athletics and on field day won the quarter mile run. He has a remarkable voice and his caliipe imitations are really classical.

LYDA B. CALVERT

Lyda was born at New Market, Missouri, at nine a. m., Monday, February 1, 1892, and after wandering through the wilds of Missouri, finally decided to come to St. Joseph and enter the illustrious class of 1907, thereby displaying great foresight and shrewdness. She attends the theatre, her favorite play being, "The Rivals." Lyda is very studious, standing well in her classes, being especially fond of Latin. She is not engaged, but has been in love many times, but refuses to describe the sensations. Her highest aim in life is to be loved by everyone, an aim which we are all sure she will soon realize. She thinks '07, "O. K." but a little too formal.

MYRTLE RAMOTH ELLIOT

"Her voice was ever soft and still, an excellent thing in women."

Born September 30, 1890, Myrtle first began showing signs of becoming a teacher by the way in which she looked at her parents when they displeased her. She is certainly on the right road to Teacherville, for under the careful guidance of the Faculty she is undergoing a thorough training in skating. Taking her altogether, her brown hair, blue eyes and 107 pounds of "sweet girl graduate," she is one of the most charming members of our class.
CHARLES SEA FLOYD, A. N. P.

"In sooth I know not why I am so sad."

"Charlie" was born in Severance, Kansas, February 21, 18—, and has spent his life in Severance, Doniphan County, Kansas, and in St. Joseph, at which place he arrived in time to enter the class of '07. He traces his ancestry to Noah and has German, French, and Scotch blood in his veins. He doesn't dance, his excuse is he can't. He attends theatres occasionally, his favorite play being "Twelfth Night." He has so far led a most exemplary life. He neither bets, gambles, smokes or chews, and only flirts occasionally. Charlie's hair is Titan color and he is very proud of it. He is not engaged, although he has been in love. He will enter West Point, June 15, 1907, and his highest aim in life is to be General Floyd.

IRENE MARGUERITE FELLING

This meek young lady was born in St. Joseph, Missouri, June 10, 1889. Ancestors were German and French. Attending the theatre is her amusement. In politics she is a Democrat, in religion a Catholic. After graduating she hopes to travel extensively, and then prepare for teaching school. We wish her success in her hopes and believe that her studious and gentle disposition will overcome any of her obstacles.

EULA FREELAND,

Clio.

"I live for those who love me,
For those I know are true,
For the heaven that shines above me,
And the good that I can do."

The above words are sufficiently characteristic of the smallest maiden of our class, to let you understand why she is so loved by teachers and classmates. Born November 8, 1889, at Parkville, Missouri. She attended Gaylord Institute until her parents came to this city. She won honors from the State and the silver medal from the city chapter of the Sons of the Revolution, in recognition of the excellence of her essay, "John Paul Jones." She is artistic in her tastes. She intends to enter Missouri State University in 1909, meanwhile taking a post-graduate course.

HENRY FRIEDE

"Do thy worst, blind Cupid,
I will not love."

This promising lad was born in our good city, August 10, 1889. His highest ambition is to become a famous electrical engineer. "Heiny" says he is not engaged, giving as his reason, that he wishes to enjoy life longer, but we think he will soon be reveling in the joys of matrimony for such a killer (?) will have great difficulty in evading the ladies. Henry thinks '07 O. K. and we voice his sentiments.
ARCHIBALD S. GOLDFLAM

"Methinks you prescribe to yourself very preposterously."

A native of St. Joseph, since July 4, 1889. Is as meek as Moses, whom he claims as a distant relative. Favorite play, "The Rivals." Favorite amusement, loafing. Archie drinks, bets, smokes, gambles, uses slang, and flirts. Is a staunch Republican. Is not engaged for lack of a second party, altho' he has been in love ten times. Intends to practice law. Highest ambition, to graduate from S. J. H. S. Will enter M. S. U. His favorite flower is the lily. Lily who?

ORA MAY HALSTEAD

"I ain't afraid of snakes or toads or bugs or worms or mice."

The Pilgrims aboard the Mayflower, lofty as were the air castles they built, dared not even to hope that their descendants would be enrolled in the ranks of the famous, and yet, Ora May Halstead, born October 17, 1888, is a member of the Halstead family which landed at Plymouth in 1620. Ora's favorite amusement is playing the typewriter and she intends to take up stenographic work after graduation. She is non-committal concerning her love affairs, but this is usually a serious symptom of the disease. She loves music and her aim is to excel in this direction also.

FRED GREGG

It was on the twelfth of December, 1888, that it happened. And "Fritz" has been doing things ever since. Fred has distinguished himself in athletics as well as scholarship, being a member of '07's famous basketball team and also of the all school team. He likewise competed on the track and represented the school at Columbia in the hurdles. The girls, he says, have no charm for him. He intends to enter another school.

OLA HALSTEAD

"The calm of a contented soul on her face."

Ola Halstead is one of the quiet kind of girls, with many of whom '07 is blessed. She is known among students and teachers for her conscientious effort in all her studies. She is also a firm adherent to the woman's rights party, and intends to go to Colorado, where she may enjoy the rights of suffrage. "We" would please to remind Ola that when she is governor (or governess, rather) "we" would like very much to get a good plum.
ZELLAH VALERA KELLOGG

Zella was born at McFall, Missouri, February 15, 1889, and has since lived in various places in Missouri. She showed good judgment in coming to St. Joseph and entering '07, altho' she did put this off until the last year. She has Irish and Dutch blood in her veins. She loves dancing, it being her favorite amusement. She is also quite willing to flirt, whenever, as she says, a good opportunity presents itself. She is not engaged, but says it is not her fault. Zella has never been in love. She has not decided whether she will attend another school.

FRANKE ANNA KERSEY

"Happy I am, from care I'm free. Why can't they all be contented like me?"

Franke Anna Kersey has made St. Joseph her home since July 27, 1888, when for the first time she tested her lungs and found they worked right. Since that time, "Happy" has been enjoying herself having an "all round" good time, as she puts it. She claims water as her favorite drink, and being frank (e) admits that she is a habitual flirter. She has been in love innumerable times, but refuses to announce her engagement. Franke weighs 60 (?) pounds, and is five feet eight inches in stature. She is undecided as to whether or not she will enter another school.

MILDRED KEMPER

"By Heaven! she was more than fair. And more than good and matchless wise."

Mildred first opened her gray eyes on this old world of ours, March 4, 1888. She has the good fortune to have always lived in St. Joseph. German and English blood flows in her veins; perhaps this is the reason she found French her hardest study. She admires bravery, honesty, politeness, and uprightness in man and common sense in woman. Her own common sense is one of her chief characteristics. Her highest aim in life is to become a great singer, and from present indications, her wish will certainly be fulfilled. Mildred is loved by all who know her for her sweet and generous nature.

APHRA KESSLER

"O Wisdom!"

In St. Joseph, Missouri, on the 17th of October, 1889, this brilliant girl was born. For eight years the city of Phoenix, Arizona, was hastened on its way toward civilization by Aphra's residence there. She finally forsook her wild life, however, and came back to her old home. She is a member of the Dianthian Society. It is thought that her veins must be terribly crowded, as she says they contain Scotch, Irish, English, and French blood.
NELSON J. LOMAX

"He was a man, take him for all in all, I shall not look upon his like again."
Secretary of the class of '07; President of the Athletic Association; Captain of the track team; Captain of the all school basketball team; holder of the discuss record; for two years a member of the football team; member of the Alpha Nu Pi Society—that is Nelson J. Lomax, born December 19, 1888, in Maryville, Missouri. He has no bad habits, as he always keeps training. His favorite play is "Uncle Tom's Cabin," in which he especially likes the character of little Eva. "N. J." will probably enter the Boston School of Technology, and says he expects to get rich lecturing on "The Brutality of Football, the Insanity of Track Work and the Lunacy of Basketball."

MILDRED LEONARD

Mildred was born in St. Joseph, Missouri, October 24, 1888. She is descended from French ancestors. Rowing on Lake Contrary is her special enjoyment; incidentally she dances and attends the theatre. At present she is engaged to her studies. She is an earnest Episcopalian. English she has found most valuable, but her best times occurred in German. Her future course is left partly to circumstances.

SILVIA GERTRUDE LIBERMAN

"Her ways are ways of pleasantness."
Silvia was born in Russia, October 1, 1889. Her parents removed to this city while she was very young. She is a faithful student and has made a fine record in her studies. She intends to study music next year and thus attain to her highest ideal, which is to be a good pianist.

LEO NATHANIEL LOWENBERG

Leo or "Lee" was born in St. Joseph, December 8, 1888, and soon grew up and entered the class of 1907. He can trace his ancestry to Adam, and has German and Dutch blood in his veins. He says he can't dance, but intends to learn soon. His favorite amusement is attending the theatre, and it is his aim to be connected with the theatre in after life. Politically he tends toward Republicanism. He is not engaged, and although he has been attacked by Cupid several times he is still unconquered. He intends to enter the State University in the Fall of 1908.
GRACE MAXWELL

"When once our grace we have forgot, nothing goes right." 

Grace Maxwell, blue-eyed, robust girl, enjoys the good fortune of having spent most of her life on an Andrew County farm, where she was born on September 7, 1888. Grace is preparing herself for a career which we hope she will not enter—that of an "old maid" school teacher. Why she should choose this calling no one can tell, as she is not especially noted as a man hater. She expects to enter the University of Missouri, and is also ambitious to travel in order to finish her studies.

MARIE MICHAU,
Clio.

Marie first began to talk October 24, 1889, and has continued to do so ever since, to the pleasure and amusement of her many friends. She dances, but to our surprise she does not flirt at all. (She made no oath on this statement.) Marie says she is not engaged, but we are a little doubtful on this point, not having heard the latest news. She also says she is not in love. Marie intends to go away to school, but is still undecided as to what institution she will enter. Her greatest wish is to travel in "Switzerland." We wonder why?

PHILIP McGINNIS

"Deep, too deep; by far."

The perseverance of the Pennsylvanian Dutch, the versatility of the French, the studious application of the Norwegian and the wit of the Irish are blended in Philip, who was born in Cass County, North Dakota, September 17, 1886. His great hobby is holding the teachers spell-bound by his lengthy recitations, and he is one of the few students who can expand a simple answer to a lengthy discourse. "Phil" is a "shark" in chemistry, and science has been his favorite study throughout his course. At present he is not in love, but it is known that when he was a junior he had an affair with a lady in the upper class, but he finally recovered.

LAURA MUNSEY MCDONALD

"A thing of beauty is a joy forever."

Maysville and August 4, 1888, are of vital importance to this fair maiden. Her ancestry is Welch, Scotch, and Irish. Laura loves rowing (when she has someone to do it for her). Her favorite drink is "cloud juice." She is one of our most accomplished musicians, and intends to prepare for her career at some musical conservatory. She says she is not engaged and as she is a lady, we must take her word for it.
ALICE GLADYS MALLO

Kansas, a state already famous for possessing everything that is worthy of notice in the world, has again distinguished herself. Gladys came here from a little town, Kansas City, of that State. She claims to have been born on June 5, '88—B. C. and this probably accounts for her failing memory, as she traces her ancestry but one mile back of that. However, we envy her for the number of birthday gifts she has received since then. We fear she missed the mark sadly when she said, Naught Seven's strongest point was wit. Next to herself, she prefers to be someone who owns an automobile. Alas, Gladys, we did not think you could care to be so fast—idious.

JOHN DONALD MOHLER

"The wearer of seven league boots."

"Monk" was imported to St. Joseph from Shippensburg, Pennsylvania, his birthplace, when he was six months old, having been born October 11, 1887. He graduates from the commercial department, where he has ranked well in his studies. '07 is especially proud of John, as he won second place in the mile run at the M. V. I., at Lincoln, this year. He expects to enter M. S. U. next year.

RUDD McDONALD

"The painful husband, plowing up his ground."

Rudd McDonald was born July 25, 1888, in St. Joseph, and has resided here since that time. He was very reticent concerning his past. Rudd joined the causs of '07 this term, as he is taking special work, preparatory to entering the Missouri State Agricultural School. After completing his course there his highest aim is to be the owner of a model farm.

BESSIE LOUISE MILLER

"Not to know me argues yourself unknown."

"Frisky" was born in Fairfax, Missouri, on April 12, 1889, and has lived here and there ever since. Traces her descent to Abraham. Dances for the exercise. Likes horse back riding. Says she uses slang occasionally (?). Her other nicknames are "Kraut," "Cotton," "Puss," "Kid," "Sal," "Hank," "Deary," "Pal," and "Heiny." She has no political preference in Missouri, but in Elwood she is an expansionist. She is not engaged and is too modest to say whether she was ever in love. Her ambition is to reach the top rung of the ladder and stay there.
ARDERY NASH, A. N. P.

"As headstrong as an allegory on the banks of the Nile."

One of the greatest of shining lights to embark into this world from the St. Joseph High School is Ardery Nash, alias Mrs. Malaprop. At what time he came into existence we are left to conjecture, but, "as he says," his life has been spent in school. He was an active member of the A. N. P. Society, and held his place in athletics. His favorite amusement is "teasing the girls." To meet him is to be his friend; he is "the very pine-apple of politeness" to every one, but especially to the ladies. He has experienced the sensation of love only ten times; his highest ideal is to be an angel, and with the angels to live. Angels are "White."

JUANITA E. PATTERSON

"Like a fairy nymph."

On August 28, 1889, Juanita first began to sing and has continued to do so. McPherson, Kansas, had the honor of being her birthplace, although St. Joseph has been brightened by her presence for many years. Juanita means "Little John," whence her nickname "Johnny." She says she is not engaged, but has been in love all the time, with whom we do not know. She loves to talk while she sneezes. Juanita is one of our best girls, having a sweet disposition and a great deal of good, common sense. Her ambition is to get married and to own a little "shack."

HARRY A. NELSON

Physiomatic.

"The only time I think I know, I think about the lasses, O."

"Swede" was born November 24, 1888, one mile southeast of St. Joseph. He says his favorite play is football, and his favorite amusement is hunting rabbits in Kansas, but we suspect he is more interested in certain species of "dear" near Wathena. He intends to be chief engineer of the Panama Canal at some future time. He has won honors in athletics as a high jumper, and as center on the football team. He has been in love twenty-three times, but only thirteen times seriously. His highest ambition is to be the proud and happy father of a large family, to spend his declining years in the poorhouse and finally to be burned in Potter's field.

NAOMI NELSON

"Tell me, pretty maiden, are there any more like you?"

This auburn haired girl with dreamy, hazel eyes, was born in Holt County, December 24, 1888. She says that she can trace her ancestry back to Ruth and Naomi in the Bible and that she has Scotch and Irish blood in her veins. She loves the theatre and dancing. She doesn't give her weight, because she says she broke the scales, but we know better than that. Her ideas about the future are rather vague, for she says she intends to enter another school sometime somewhere. We think she should cultivate her sweet voice, and she probably will, for she wishes to become a teacher of vocal music.
ELMER PENNY

"A dear pennyworth."

Alexander the Great in all his glory little dreamed that his offspring should have the honor of being represented in the greatest High School class ever graduated. And yet, when Elmer Crawford Penny "the Sirly," born March 31, 1889, entered with '07, such really came to pass. Elmer has taken a prominent part in athletics and especially in basketball as he represented both '07 and the school. While he thinks "wimen" are handy at times, yet he has never been in love. He intends to enter a business career and he will doubtless be successful as a merchant.

JESSIE PEARLE POPE

"None know thee, but to love thee,
None name thee, but to praise thee."

A Hastings, Nebraska, product, in existence since November 17, 1888. Jessie dances and attends the theatre, but her favorite amusement is making candy—we wonder for whom? She has been in love many, many times, but has never been smitten badly enough to become engaged. Miss Pope intends to inculcate into the heads of the coming generation the elements of the German language and she intends to go to school in the Fall to prepare herself for such a career. She has not yet chosen a school.

GERTRUDE PETRY

"Blue were her eyes as the fairy flax."

Rock Port, Missouri, may well be proud of being the birthplace of Gertrude. She attends the theatre, but skating is her favorite amusement. She is not troubled by any political sentiments. She has been in love innumerable times and has been engaged for four years (in going to High School, be it known). Her highest aim in life is to secure a happy home. There's not the slightest doubt about her doing it. Hetty Green is the person who, next to herself, she would like to be. A teacher's career seems to be the most desirable. We wish her the greatest success.

MABEL PETERMAN

"What makes you so shy, my good friend?"

Mabel Peterman first cast her blue eyes about her on the nineteenth day of November, in the year 2640 (reckoning from founding of Rome), in the up country burg of King City, Missouri, and has been throwing her shining orbs about her ever since. She has spent part of her life in Hades, (Kansas City), and part in Heaven (St. Joseph). She believes in the Darwinian theory, since she claims she can trace her ancestry to apes. She has no nicknames and doesn't want any. She does not bet or smoke, but is a great (?) gambler, when the game of matching pennies is being played. She thinks '07 is a very fine class, in fact, the best ever graduated from the High School.
GERTRUDE MAY PRIESTLEY

"Give thy thoughts no tongue."

Gertrude May Priestley was born in 1889, in the metropolis of St. Joseph, Missouri, and has shown her good taste by living here ever since. She says she spends most of her time at the skating rink, but fails to state the attraction—the exercise, doubtless. Is a Democrat. She is a very quiet girl, but we know in what direction her thoughts are, for she is engaged, and unfortunately we are not informed who the lucky man is.

BEULAH S. RADER

"Write me as one who loves her fellowmen."

Beulah was born September 5, 1887, in Ford City, Kansas, and has spent most of her life in the "Sunflower State." She has won an enviable reputation in studies and athletics, and has helped to raise the standard of our school. She was star player on the Girl's Basketball team in '97, and won honors in the Sons of Revolution Essay Contest. She intends to study medicine at the University of Nebraska, and will probably take up physical culture work in some college after obtaining her degree in medicine.

VIRGINIA LOUISE RAPP

"I have immortal longings in me."

The smallest member of our class was born August 14, 1890, and has lived in St. Joseph ever since. "Gin-nie" can trace her ancestry back 300 years with the aid of tracing paper. Dances because she likes it. Also attends the theatre. Favorite amusement, roller-skating. Occasionally uses slang. Says she has flirted during her life, but you don't have to believe it, if you don't want to. "Ginger Ale" is a South Methodist and a Democrat. Weighs 95 pounds. Doesn't want to be engaged. Been in love six times. Doesn't know what she is going to do hereafter.

GEORGIA N. ROBERTSON

"She that refineth her lips is wise."

Quietly, unobtrusively, Georgia Norine Robertson entered this life in our great metropolis, January 20, 1889. After completing her Grammar School course, Miss Robertson entered the High School just as quietly as she had entered this world. Here she has distinguished herself as a diligent, hard working student. She is a strict teetotaler, water being her only drink, and her affinity for water makes boating her favorite amusement, and for the same reason she also dances as it makes her "feel like a ship on the ocean." Her aim in life after graduating is to see the world with "him."
HELEN EDITH RICE

"The lily and the rose in her face striving for prominence."

Helen Edith Rice was born at St. Joseph, on November 24, 1888. She traces her ancestors back to the Mayflower, but from her name, we believe she is of Chinese origin. She is very popular, and says she is partial to red hair. She does not know what her future occupation will be, but her highest aim in life is to be a Grand Opera singer. Her favorite amusement and pastime is making candy in the chemistry laboratory after school.

FRANK SHACKELFORD

"Shack" was born in St. Joseph, Missouri, August 26, 1889. Nature has kindly preserved this "erratic genius" from many early perils, and has permitted him to hold the honored office of class president for two years. He is a Republican, and attends the Presbyterian Church. He indulges in such recreations as skating and dancing. He has a natural inclination toward drawing, many of his cartoons being quite realistic. He hopes to attend Missouri University.

DELPHINE SILBERMAN

Delphine was born sometime in the course of time and somewhere on this orb. And it came to pass, that as time progressed, she entered our dear High School and our beloved class. Further than this, we know nothing of her past life, nor her intentions for the future. She thinks the boys are "awfully nice," and it is believed that in time she will settle down and set up her own household.

ERROL STINE

"Tall and fair, with yellow hair."

Six feet in height, weight 145 pounds, cotton hair, eyes (?) color, and you see "Sliver," Errol Stine, who danced into this world in "the best city on earth," January 27, 1888. "Pete" has the reputation of being a confirmed "killer" though we are at a loss to explain what that means. Errol drinks anything from soda pop to a Gin Rickey, and admires a woman who can make a good pie. If ever he can make a woman see things his way he intends to settle down (if he can do that) and get married.
GUY EVERETT STOCKTON

"Ruddy locks had he."

Guy was born in Omaha, Nebraska, on September 22, 1889. Too quiet to learn much about him. He is very studious and has stood well in his classes. He is a commercial student, and expects to fit himself for a business career. Guy possesses a good voice, but was unable to take part in the Senior play on account of his business. The fair sex has no charms for him, and his highest ambition is to live a contented life of single bliss.

ANNA LOUISE SCHOEN

"Her heart is surely in her work. She's never known to lag or sit."

Crammed full of knowledge, Mary Anna Schoen uttered her first wise saying in Andrew County, this State, February 12, 1889. Miss Schoen enjoys the reputation of being among the foremost of '07's brilliant scholars. Dancing and drinking water are her principal diversions in which she indulges occasionally when she gets away from her books for a few moments. Miss Schoen is of German descent, and is a Republican and a church member. She intends to become a public school teacher for which career she is now fitting herself.

GARNETTE MAY STRIPE

It must have been a cheerful, sunny day in Keokuk, Iowa, September 4, 1888, when light-hearted Garnette was born, for she is always happy, always laughing. She has distinguished herself in scholarship, especially Latin, in which she earned the reputation of having a very logical mind, as Professor Miller puts it. She refused to answer any questions concerning her love affairs—an unfailing sign that she is afflicted. Besides, she unwittingly revealed the fact, as she says she intends to go to housekeeping soon. Her greatest pleasure is to eat but she drinks nothing of more intoxicating nature than water, as she is a Methodist and a native of Iowa.

FRANK WELLER SMITH, A. N. P.

"- ! ! ! ! !"

When and where this illustrious youth first drew breath is at present unknown, but the time is supposed to have been about eighteen years ago, and the place within the boundaries of this glorious country. He is also known by the name of "Smithy" or "Windy." "Smithy" flirted dreadfully, and also used slang, but is not engaged at present, although he has been engaged twice and has been in love an indefinite number of times. He intends to enter the State University in the Fall of 1907. We hope Frank will "marr (le)" soon and settle down to a steady life.
OLIVER RUFUS STEINEL
Rufus was born February 25, 1890, in St. Joseph, Missouri, and has lived here most of his life. His intention for future occupation is to be a lawyer, and his past record shows great advancement in that direction. His highest ambition is to be President of the United States. He intends to go to law school, but has not definitely decided where. He is one of our prized members, and the class of '07 wish him happiness wherever he may go.

MARGUERITE LOUISE SCHWAB
"To be useful is my ideal."
Marguerite was born in Joenville, on the fifteenth day of March, 1890. She can trace her ancestry back to the celebrated poet, Gustav Schwab. She says she never had the misfortune to be engaged, although she has suffered the pangs of love. After entering business college, she intends to become a stenographer. Her highest ambition is to invent a means whereby St. Joe may be free from contact with the comets. We thank her for her thoughtfulness.

PAULINE WILBER L. SAGE
"She taketh most delight
In music, instruments, and poetry."
Pauline, for this is the name we know her by, was born and brought up in St. Joseph. She is a very quiet girl, very studious and for this reason does not dance. She admires good common sense and nobility of character, and next to herself, would rather be some one exactly her equal. Her highest aim is to be a good musician, and we assure her of a great success. Does not expect to attend college.

JENNIE STEWART
"Ye highland lassies, ho?"
Jennie is of Scotch descent and has inherited all the native tenacity of her ancestors. She was popular among her classmates, and stands on the Roll of Honor. Miss Stewart finished her work last February, and left school at the end of the first term. She does not intend to enter another school, but will spend her time traveling and studying at home.
EUGENE C. SWEENY, A. N. P.

"Haste you, haste you, get away,
Cease your visits here, I pray.
If you wish to serenade,
Get you to the wooded glade."

Eugene C. Sweeney, one of the most popular boys, is a native of St. Joseph, born December 6, 1888. He has attained literary fame in his work as local editor on the Forum. He received the appointment to the Annapolis Naval Academy. He is one of our Price (less) members.

ANNA ELIZA TODD

"So buxom, blithe, and debonair."

Born in Andrew County, Missouri, on a farm, July 13, 1889. Traces her ancestry back to Mary Todd, wife of Abraham Lincoln. Refuses to tell her nicknames. Likes to skate and drink water. Flirts when she gets a chance. She is not engaged, but has been in love innumerable times. Intends to enter Maryville Normal. She thinks '07 is the best ever, although its boys are too slow for her.

KATHRYN T. TYMON

"She tells you flatly what her mind is."

Kathryn Theresa, commonly known as Kate, "Kit" or "Sis" Tymon, Irish-American, descendant of Patrick Henry, was born on the 17th day of February, 1889, in St. Joseph, and has here spent her life so far. She was enrolled in '07 as a student in the Commercial Department, and is known on account of her careful painstaking work in all her studies. She claims she has no bad habits, but admits that she might flirt, but will not state on what conditions. She believes in woman's suffrage, and has Democratic views on political questions. She has not determined on her work for the future, but will probably take a husband, as soon as she gets enough to choose from.

HARVEY TEDROW

"The ladies call him sweet."

With the aid of a powerful microscope it was discovered on January 20, 1889, that "Midget." Harvey Tedrow had entered the race. Albia, Iowa, where he was born, Washington, D. C., and St. Joseph have been his home, but in all these years his head has pushed but a small distance toward the clouds. Harvey has represented '07 in basketball for three years and for two years has played on the All School team. He says his favorite amusement is reciting to Miss Raines. "Teddy" thinks the '07 girls are "awful nice," but asserts he has never fallen in love. (He refused to make oath as to the truth of this statement.)
EARLE THOMAS

"And Goliath would be small beside him."

Earle Thomas, otherwise known as "Shorty," first made a noise in Holt County, on the 28th of June, 1887. He can trace his ancestry to Adam and Father. Mostly German, Scotch, English, French, and Dutch; ninety per cent however is Irish. Couldn't live without slang and flirting. When smoking, he generally lights his cigar or pipe by one of the stars or the sun. Earle claims to be the lightest man in the class, but when he stepped on a penny-in-slot scales they broke. He intends to marry if he can find a sweet damsel short enough for him. Expects to enter M. S. U. He was one of our centers on the '07 basketball team, and his height came to good advantage in the game.

EMILY MILDRED WHITE

"A sympathetic little creature."

This maiden illustrates the general good taste of our class in being born in St. Joseph, Missouri, the precise date being, as she says, November 12, 1889. We are proud to state that Peregrine White, a distinguished ancestor of our class treasurer, enlightened the Mayflower group. It seems highly fitting, therefore, that this ancestor's worthy descendant should be a shining light on our class ship, Pinefore. She is religious, and also good, but she uses slang profusely, and admits it. In man she admires generosity the most; an opinion acquired, no doubt, after her election to office of "cash-girl." Mildred expects to attend the University of Illinois next Fall; may good luck attend her aspirations.

VERNA HOLMES WALKER

"Vern" was born in the prairie stretches of western Kansas, October 21, 1888, but with good common sense she renounced former allegiance and came to Missouri, where she has since lived. She dances, but skating is her favorite amusement. She attends the Episcopal Church, although not a member. In political sentiments she is a Democrat. As yet she is undecided what work will be taken up after graduation.

PERRY AUGUSTUS VEGELY

"One whom the muse of his own vein tongue
Doth ravish like enchanting harmony."

Perry Augustus, also known as "Gus" Vegely, made his "debut" into this world of cares shortly after the war. Perry's hobby is mandolin music, and says his favorite amusement is hearing experts perform. He is a member of the Mandolin Orchestra. After graduating, he expects to enter a business career, and if he can find a suitable woman intends to break the hearts of the remainder by marrying, although at present he is not known to have a "case" as he is yet too young.
WILLIAM DILLON WHITE

"All good things come to him that waits."

And so it was, that William White, having been compelled to leave school shortly before the close last year, returned this year and had the good fortune to graduate with '07. William was born in St. Joseph, but has spent most of his life in Andrew County, and entered the High School in his Sophomore year. He has made a brilliant record in scholarship. White is a member of the Alpha Nu Pi Society, and won the James medal for Oratory, in the inter-society debate. He likewise represented the school at the State Oratorical Contest at Columbia this year. He has not determined on a school to attend after graduating, but will enter some college in the near future.

MAGGIE MARSHALL

"Honesty coupled to beauty, is to have honey sauce to sugar."

Born in St. Joe, November 18, 1889, and lived here ever since. Of German descent. Why doesn’t she dance? Ask Father. Goes to the theatre when she gets a bid. She says it is impossible to state all her nicknames. Maggie is a Socialist, but of the undemonstrative kind. She is the most patient and best natured in the class. She absolutely refuses to discuss her love affairs. Judging from this, they must be very serious. She will probably enter the State University in the Fall.

MAUD Mc DANIEL

This golden haired lass was born in the great city of Faucett, many, many years ago. She spent her early life enlightening the citizens of that city and later of Stanberry. This life becoming monotonous, she finally came to St. Joseph and entered the High School. The fact that she was born in Faucett explains why she loves to drink—water, of course. She has not definitely decided upon a college, but she intends to pursue her studies elsewhere, preparatory to becoming a school ‘mam.

PEARL EMILY KNAPP

"Where care
None is, slight do lightly please."

"Pete, "P. E. K.," "Pecans" or "Napkin" is a home-made product, and has lived in St. Joseph ever since February 26, 1888. She is of German descent. She doesn’t dance (?) because she prefers to develop her brain, rather than her feet. Favorite amusement, trying on Easter bonnets. She likes to flip Penny. Favorite expression, "You bet your socks," (she only says this to males). She is a South Methodist, but a Republican. Has never been engaged because no one will have her, altho’ she has a desire for matrimony. May she be successful.
PETER MILTON MATTILL

"Deep streams flow quietly."

O'Daniel, Texas; Albany, Missouri, and St. Joseph all lay claim to having had among their illustrious citizens Peter Milton Mattill, who first entered the struggle for existence, October 26, 1887. His struggle however, has been very quiet, as Peter has never been arrested for disturbing the peace of his neighbors in this city. He was very reticent concerning himself, and it is thought that probably he is unwilling to have his past record investigated. Mattill has not yet determined where he will finish his education, but he is considering going to Columbia.

HILEN KETCHAM WALLACE

"Bright blue eyes and nut-brown hair."

"Hime" was born in St. Joe, Missouri, when Eckel was three days old. By means of a spool of thread, he traces his descent back to William Wallace, of Scotland. "Hime" is fond of horse-back riding. He is quite a sport, being seldom seen without his big pipe. He is a Democrat and attends the Presbyterian Church. Hilen is quite a bluffer and is famous for his "stalls" in Mr. Miller's room. He intends to be a physician and surgeon, and will probably enter Michigan. Among his other nicknames are "Skinny," "Curly," "Doc," and "Rattle Bones." This last refers to the fact that he is a skeleton in armor.

CHARLOTTE TODD GALLAHER

"Her voice was ever gentle, soft and low."

April 30, 1888, marks an epoch in the history of St. Joseph, for it was then that Charlotte Todd Gallagher increased the population of the sphere on which she dwells. She has always made this city her home, having attended the Grammar School before entering the class of '97. Miss Gallagher has the reputation of being pious and religious, but at present she has no faith in the tenets of the W. C. T. U., and indulges freely in the use of coffee as a beverage. Her favorite study is Botany, in the pursuit of which she puts in much time attempting to extract the secret of good luck from the four leaf clover. At present she is undecided as to her future and has not yet made a selection of a college for pursuing her studies.

THOMAS HANSON

"Tom," weight man, fighter, wrestler, is very shy. He refused to disclose either the place of birth or even to have his picture taken. He has no use for the ladies. Hanson's favorite study is French. He intends to take up engineering work after graduating from the State University, which school he will attend next year.

NELLIE CECILE BURKE

"A gracious, innocent soul."

This quiet girl was born in Lowell, Indiana, March 8, 1888. Nellie is one of those who joined the class this year and is not very well known among the members. She has been taking commercial work, and intends to become a stenographer.

WILL WATKINS

He was too tired to answer his statistic questions, so if there is any falsehood in this account it is not our fault. Will is good natured, and his favorite amusement is reciting Latin to Professor Miller. We are left to imagine what his intentions are for future occupation, but he is probably building air castles (Casses).
To the Memory of Our Classmate

Spring Song

The sky is green,
The trees are blue,
The brooklets are pink,
And covered with dew.
Out in the farmyard the roosters bray,
The calves announce the coming day;
The little frogs in the treetops sing
And tell to the world that it is spring.

Ode to the Night.

'Twas midnight, and the setting sun,
Was rising in the far, far West;
The rapid rivers slowly run.
The frog is on his downy nest:
The pensive goat and sportive cow
Hilarious, hop[ from bough to bough.

Mary's Pony.

Mary had a little pony,
It had a yellow cover,
Mary often used that colt
As also did her brother.
It followed her to school one day;
That was against the rule,
And all who saw it began to say
That Mary was a fool.
And then the teacher found it out,
And sent poor Mary home,
Then dropped the pony in the furnace,
Where it perished all alone.

THE MATHEMATICAL CLUB

THE Mathematical Club was organized by Miss Ferguson and Miss Carter in November, 1906. The officers elected were, Charles Floyd, President; Agnes Barry, Vice-President; and Ardery Nash, Secretary; Frank Buzard, Asst. Secretary.

The purpose of the Club is the study, of the history and development of Mathematics, and any Senior, Junior or Sophomore, doing passing work in Mathematics is eligible for membership.

The Club started with a membership of about twenty-five students; Miss Ferguson, Miss Robinson and Miss Carter being honorary members, and it is to be regretted that more students have not taken advantage of the opportunity of belonging to this Club, as the meetings have been enjoyable as well as instructive.

The first meeting was held December 4, 1906, and the following programme will give some idea of the plan and scope of the work.

Subject: Arithmetic and Algebra among the Ancient Nations.

I. Among the Egyptians.
   Paper. The Handbook of Ahmes, the earliest known work on Mathematics.—Ike Droher.

II. Among the Greeks.
   Reckoning of numbers and computations on "dust board."
   Diophantus and the development of the equation.

III. Among the Romans.
   No Algebra and arithmetic for commercial purposes only.

It is customary at each meeting to have a paper read by some member of the Club, after which, the members discuss the topics given in the program.

THE TRIP TO COLUMBIA

FROM THE DIARY OF ONE WHO WENT

FRIDAY, MAY 3RD

5:30 a.m. Woke up with an uneasy feeling.
6:00 a.m. The alarm clock goes off.
6:30–7:00 Breakfast.
7:00–7:10 Dodge between snow-flakes to the Union Depot, and find a motley crowd of St. Joe High Schoolites gathered. Buy a Gazette for 5 cents.
7:20 a.m. Train starts on time. Where did Al get that candy skull-cap? H. Nelson has succeeded in making the train.
7:25 a.m. Jackson drops on the train from the viaduct.
7:30 a.m. Ernie Maxwell is already homesick.
7:35 a.m. Kemp Carter is making himself agreeable to four females. A. Nash: “Uneasy lies the head that wears the skull-cap.”
7:40 a.m. Willie Bartlett loses five cents at poker. He wants his money back. C. Smith proves himself a “shark” by winning two cents.
7:45 a.m. “Pug” remembers that he forgot his wash-rag. “Hime” loses $5.00, matching pennies. (Hard luck.)
7:50 a.m. Carle is deputed to get out and push the train. Norris and Edwards get into an altercation, because each discovers the other cheating at poker.

8:08 a.m. Shoup C. Smith and Nash cough and receive some candy for their throats. Louis Motter finishes his night’s rest. Bud Saunders gets a drink of ginger ale at Rushville.
8:15 a.m. Louis buys a ten cent deck of cards at Atchison for twenty-five cents. “Nellie” falls asleep and drowns out the locomotive whistle with his snoring.
8:30 a.m. “Hime” has just finished his tenth cigarette.
9:00 a.m. Leavenworth. “Bud” gets his second drink of ginger ale.
9:10 a.m. Wendler and Shoecraft are sitting on the same seat. Look how it sags! Al loses his skull-cap.
9:30 a.m. Potts organizes the “Lemon Club” and ’Lisha Edwards pays twenty-five cents initiation fee.
9:40 a.m. Train enters Union Depot, Kansas City. Bud gets his third drink of ginger ale. Three inches of snow.
10:00 a.m. Norris, Eckel, C. Smith, Al, Willie, and others get ice cream sodas. Norris wins world’s record. Time, 1 1-5 seconds.
10:30 a.m. St. Joe out-yells Manual in the depot.
10:45 a.m. St. Joe fellows mob a Central guy and secure Central pins.
11:00 a.m. Leave Kansas City.
THE TRIP TO COLUMBIA—Continued

12:00 N. Lunch. "Biscuits" is feeding upon Mellin's Food. Shoecraft eats Eskay's Albuminized Food. The Lunch-snatchers' Association is formed and its members get busy. Norris and W. Bartlett mooch in upon Vera's and Ernestine's lunch, and successfully repel all the attempts of the lunch-snatchers.

12:15 p.m. Norris has just finished his fifteenth sandwich. McDonald eats a pie.

1:30 p.m. After-dinner smoke. The Schnaitman quartet, (Schnaitman, Maxwell, Al, and Willie), render a few choice selections. The McDonald duet (Rufus and Louis) also perform.

2:00 p.m. Hime and Roof rough Nellie.

2:30 p.m. Rough house Association formed. McDonald, president; Ullie Schneider, secretary; Eckel, treasurer. New members are initiated and take their seats. Carle refuses to accept his initiation.

3:00 p.m. Kemp Carter puts Sandy to sleep. He tries his magic arts on others, but fails.

4:20 p.m. Moberly; thirty-five cents for a piece of cake with 1 1/2 strawberries on it. Mad rush for the lunch counter.

4:35 p.m. Centralia; Newcomer, Potter, Beaumont, Jackson, Hill, and other University gazooks appear.

5:15 p.m. A bunch of St. Joe fellows take possession of the tender. While passing under a bridge, Schmidt loses his head.

5:45 p.m. Arrive in Columbia. No snow.

6:00 p.m. Rush to Academic Hall to secure rooms. We are given a guide.

6:15 p.m. We find the rooms given to us already occupied.

6:30 p.m. We are hunting for rooms. Amerman falls to sleep in a pool hall, his native element.

7:30 p.m. At last we have found rooms in the Phi Delta Frat. House.

9:00 p.m. Supper in a restaurant. Punk.

9:30 p.m. Some of us go to the basket ball game between Kansas City Central and St. Louis Manual. Central wins. Meanwhile, we ourselves win $25.00 on the side in a pool hall.

10:00 p.m. Return to the Frat. House and sit with our feet in front of the fire-place, smokin' our pipe of clay.

11:00 p.m. Go to bed with our feet sticking up the chimney and our head out the window.

12:00 M. "Did you hear about that fall I had?" "No, did you fall out of bed?" "No, fell asleep."

6:30 a.m. Woke up and unraveled.

7:30 a.m. A good breakfast in the Fraternity House. Norris eats twenty flannel cakes to keep warm. Bud finishes his sixth bottle of ginger ale.

8:00-9:00 Meander about town and invest in five ice cream sundaes.

9:30 a.m. Bud is charged with ginger ale, but is acquitted.

11:00 a.m. Baseball game. St. Louis Central 1; Kansas City Manual 0. Good game. Trials for the sprints and hurdles. Roof gets in the semi-finals for the 220 yard dash, and Normie for the low hurdles.

12:30 p.m. Dinner at the Phi Gam House.
1:00 p.m. Norris finishes his tenth potato and "bucks" (into laughter).

2:00 p.m. Track meet. Big crowd. St. Joseph one (won). N. J. gets third in the broad jump. Nellie gets fourth in the high jump. Carle gets fourth in the discus and fifth in the shot. "Choc" gets fourth in the quarter. The others acquit themselves nobly. St. Louis Central comes out on top. Al keeps up our spirits by grinning like a dog, from ear to ear.

5:00 p.m. The meet is over. Al's grin extends all the way around and the top of his head falls off.

6:00 p.m. Supper at the Phi Gam house.

7:00 p.m. Band Concert on the Campus.

7:30 p.m. Make away with 5 1-5 sundaes in 6 2-5 seconds.

7:45 p.m. White and Vera are both in the finals, but couldn't win. Willie is seen with a strange girl.

8:00 p.m. Debate and Essay Contest. (Academic Hall). White and Vera are both in the finals, but couldn't win. Willie is seen with a strange girl.

10:30 p.m. Bed in the Phi Gam Chapter House.

11:30 a.m. Sunday is a day of rest. "Roof," "Hime," "Speck," and Corbin Richmond engage in a quiet game of cards.

11:40 a.m. Lunch at Moberly. The restaurant keeper is still sore. Maxwell and Schnaitman procure copies of "Diamond Dick," "King Brady," "Dick Merrick," and "Jesse James."

11:50 a.m. Mr. Bentley is seen engrossed in the adventures of "Diamond Dick."

12:00 M. The morning papers are all read, and rolling them up, the fellows begin a bombardment. One paper hits Nellie in the nose and comes out his mouth. A Kansas City gazabo hits Hime on the head, whereupon he gives him a nickel and says: "Here, guy, go get drunk." The Kansas City fellow refuses to accept Hime's generous offer.

1:15 p.m. A duck is seen in a pool near Salisbury. Speck hits it in the eye with a paper wad and drowns it.

1:45 p.m. At a small country town. The cry. "Fight! fight!" is heard, whereat we all jump out of the train only to find Jackson, our star sprinter, swimming in a mud puddle. When asked how he got there, he said, "Notwithstanding."

2:00 p.m. Kemp put "Sandy" to sleep again. Willie gets out and races with the train, in order to get a "little more training."

2:40 p.m. Lisha Edwards is dead, but Mr. Bentley resuscitates him with a reprimand. Amerman exchanges hats with a Manual gazook, and is now seen wearing a dicer instead of a skull-cap.

3:25 p.m. "Stop thief!" Lexington Junction is aroused by revolver shots. Schnaitman is wounded.

4:00 p.m. Drury is doused.
THE TRIP TO COLUMBIA—Concluded

4:40 p.m. Arrive in Kansas City, but find our train has already gone.

4:40-5:00 Wandering about town.

5:00 p.m. Supper at Union Depot. O. K.

6:00 p.m. Leave Kansas City and Jackson.

6:40 p.m. Leavenworth. Miss Porter stops a card game, because it is Sunday, but the offenders remove their carcases to the next car and renew the game.

6:50 p.m. The Bawlout Chorus Club is formed, with Nash as president; Sweeney, vice-president, and Eckel, treasurer. William and Willie are properly bawled out. Yonkers voice evaporates. Atchison. Schmidt lights his cigar in the electric light.

7:45 p.m. Hime lights his 50th cigarette with a $10.00 bill. Bermond is such a killer.

7:50 p.m. Train stops at Rushville to get a drink.

7:55 p.m. Swap stories. "Do you know the story of the dirty window?" "Can't see through it."

8:10 p.m. Carle hypnotizes Schmidt and Stine. The fake is discovered and the fellows demand their money back.

8:20 p.m. Narrow escape from a collision. Nellie sneezed and prevented the two trains from colliding.

8:40 p.m. St. Joe. Yell. C. Smith lends Willie a dime to get Vera home. We have lost ten pounds.

9:00 p.m. Home, sweet home. Bed. Sleep.
CLASS STATISTICS

General excellence—100 per cent.
Most versatile—Eckel.
Average age—18 years, 21 days.
Most talented—Juanita Patterson.
Average weight of boys—136.8 pounds.
Laziest—Watkins.
Average height of boys—5 feet, 8 inches.
Greatest Social Favorite—Mildred White.
Average weight of girls—124.5 pounds.
Grouchiest—William Bartlett (86 votes).
Average height of girls—5 feet, 4 inches.
Dig—Marie Schoen.
Favorite amusements—Swimming and skating.
Dude—Hilen Wallace.
Favorite drink—Water.
Most popular—Vera Chittenden.
Political sentiments—Democratic, Prohibition second.
Windiest—Harry Nelson.
Class beauty—Vera Chittenden.
Greatest Winner—Harvey Tedrow.
Handsomest—Frank Shackelford.
Most unadulterated nerve—Eva Beckwith.
Largest feet—Al Bartlett.
Most eccentric—Pauline Sage.
Greatest mashers—Ardery Nash, Al Bartlett.
FOOTBALL

At the beginning of the football season, last Fall, the prospects were very uncertain. The revision of the rules had put the game in an experimental stage again.

Shortly after school convened, however, the boys came out in full force and began to practice hard. Dudley Willis was captain of the team, and judging from the material on hand, the team would undoubtedly have been the strongest in the history of the school. Mr. Bentley kept up correspondence with the High Schools in Des Moines, Kansas City, Leavenworth, and Topeka, but found that none of these schools intended to put teams on the field. On this account it was thought best to dispense with the game this season. At a meeting of the boys with Professor Jordan and Mr. Bentley a vote was taken and resulted in abolishing football here for the season of 1906, although it was with great regret on the part of the old players.

It is to be hoped that next season the conditions will be such that we will be able to push the pigskin about again.

EXECUTIVE COMMITTEE

N. DeClue, 07  F. Harlow, ’09
R. McDonald, ’08  H. Buckingham, ’10
N. J. Lomax, Captain
BASKET BALL TEAM, 1907

Tedrow, De Clue, Binswanger, Penny, Gregg, Lomax, Harlow, Bentley.
IN accordance with the increased activities of our High School, this season of basketball was perhaps the best in our history. During the winter months, basketball is the chief form of athletics.

About the latter part of November, the boys begin training for coming contests. There was a fine bunch of basketball material out this year, most of which was left over from last year, and some new men were developed, who have excellent prospects for next year. As the time for the inter-class games arrived there was much speculation as to the result. The series was held during the week before the Christmas holiday.

On December 17th, the first game was played between the Seniors and Sophomores. As was expected, the Seniors won, although the Sophomores put up a fine game, and fought bravely to the last. The score was, Seniors, 36; Sophomores, 2.

On the 19th, by a score of 28 to 17, the Sophomores defeated the Juniors. Most of the Juniors were inexperienced, but did very well considering the opposition. The last game of the series was played on December 21st, between the Seniors and the Juniors. The Juniors, profiting by their defeat, had improved and contested the game bravely, but were doomed to defeat. The score was 41 to 11, in favor of the Seniors. The Seniors having won both their games, were the school champions, and having held the championship for two previous years, they have attained the high honor of school champions for three years, an honor which no class has ever held.

The inter-class games developed good material from which a school team could be chosen, so Mr. Bentley and Mr. Heibel began working earnestly to develop a team which could successfully meet outside competition.

After some weeks of hard practice, a school team was chosen, and a schedule was arranged by which we were to play nine games. The team was composed of N. J. Lomax, Captain; N. Dechue, F. Harlow, M. Binswanger, H. Tedrow, E. Penny, E. Thomas, and F. Gregg.

On January 12, 1907, we met Missouri Wesleyan, at Cameron. After getting used to the posts in the field, we started to work in earnest and came out victors, by a score of 33 to 15. This was the first basketball game the boys' team had ever won and naturally there was much encouragement.

January 18th, we defeated Maryville Normal by a score of 30 to 13. They were somewhat at a disadvantage, by playing in our gymnasium. They played a good game, but were out-classed. Another notch in our gun.

January 25th, we played Atchison High School, at Atchison. It was a close struggle, they were ahead most of the time, but we managed to get together and defeat them by a score of 31 to 25.

St. J. H. S. 31; K. C. Manual 28. At last Manual met defeat at our hands, and this on her own grounds! It was one of the hardest fought games we have played. It was "any body's" game until the final whistle, and we won. This victory was celebrated by a bonfire on the High School hill. We played in the Auditorium.

The next evening we played Central K. C. on the same field. We lacked the spirit and confidence of the previous night,
so we met our first defeat of the year. We fought bravely to
the finish and accepted defeat gracefully. The score was 17 to
37 in favor of Central.

We met Missouri Weselyan on February 15th, in our gym-
nasium. We were defeated; the score stood 41 to 36, in Wes-
leyan's favor. The game was characterized by a lack of snap
and interest on our part.

In a game here February 21st, with Atchison, we defeated
them with a score of 33 to 29. They were ahead up to five
minutes of the finish, then our team got in the best team work,
and fastest playing that has perhaps ever been seen in our
gymnasium, and we pulled out victors.

On March 1st, we were again defeated by K. C. Central
here. The score was 30 to 14. They have nearly every advan-
tage and it is exceedingly difficult to defeat them.

To end the season well, we defeated Manual again. It was
a fast game, but we had the better of it and succeeded in mak-
ing them swallow the pill of defeat. The score was St. J. H. S.
26; K. C. Manual 22.

Out of a total of nine hard fought games, we lost only
three. This testifies to the good material on hand, and efficient
coaching of Mr. Bentley and Heibel. The games were always
characterized on our part by true sportsmanlike conduct. We
can say without a question, that this was the best year of
basketball in the history of the school and, as there is plenty
of good material left, we hope that next year's team will do as
well as not better than ours.

Won three years in succession by class of '07, the only holder of this honor.
GIRLS' BASKET BALL TEAM

Beulah Rader, Lola Cassell, Frankie Russel, Fern Bias,
Mae Heddens, Mabel Mawhinney, Hazel Clayborne, Maud Trant, Eva Halstead.
HISTORY GIRLS’ BASKET BALL TEAM OF ’07

AFTER three years, Basketball has again revived among the girls. It has been well started and it remains with the girls of the future classes to keep up the good work begun; for, of the three outside games played, we came out victorious in every one.

The Missouri Wesleyan girls were the first slaughtered at the altar of St. Joe's fame. They came here, having a highly exalted opinion of themselves, since they had hitherto been invincible. But fortune is ever fickle, for, before the end of the first half, the Cameronites began to get rather dizzy, and by the time the game was over they were a sadler but wiser team.

Our girls worked well, considering the time they had been playing. Miss Mawhinney, at forward, making some pretty throws, and Miss Heddens, at guard, simply reaching the ball any place between the floor and ceiling. The score was 27 to 7.

Then we played the Y. W. C. A. team on their own field which, being small, put us at a disadvantage. Here, also we gained the laurel, along with a large piece of taffy at their expense. The score stood 28 to 8. Miss Mawhinney throwing eight field goals, was the star of the team, all of whom, however, played good, clean basketball.

In our second game with the Y. W. C. A. team, on our own grounds, we defeated them 15 to 5.

These beginnings only made us long for more worlds to conquer, but the Missouri Wesleyan’s were unable to play us a return game, so that the basketball season closed, with our girls holding the Championship of the Missouri Valley. May the next year’s team increase the heritage left them by 1907.

B. S. RADER

TRACK TEAM, 1907

Top Row: Miller, Penny, Motter, McDonald, Mohler, Lomax, Bentley.
Second Row: Jackson, Gregg, Norris, Fugsley.
 REVIEW OF TRACK SEASON OF 1907

As a result of not putting a football team in the field last Fall, the form of athletics engaged in was Fall training, preliminary to an individual championship meet. The boys entered into this contest with much zeal, (a cup was offered the winner). The competition was very close, and it was not until the last event was finished, that Harry Nelson was declared winner. L. Motter and F. Gregg followed his 52 points with 50 and $48\frac{1}{2}$ points respectively to their credit.

About February 1st, the call for candidates brought out a large number of promising men, and a hot pace was set in good hard training. Mr. Bentley planned an inter-team meet to take the place of the usual inter-class contest, and the affair was a decided success. The Top-notchers, captained by L. Motter won first, but were pushed hard by the None-such and Aristoi. The feature of the meet was the good showing of some of the Sophomores and Freshmen, who decided the meet with the second and third places.

The next week was spent in getting down into better form, and on May 5, a team of fourteen men competed in the State Meet at Columbia. This meet was run off well, and the competition between the thirty schools entered, was exceedingly close. We had expected to come out near the top, but owing to circumstances, which could not be helped, we succeeded in winning only one point; this was made by N. J. Lomax in the broad jump.

On May 11th, the team won second place in the M. V. I. A. A., held at Lincoln, Nebraska, with 28\frac{1}{2} points to its credit. Manual of Kansas City was first, with 39\frac{1}{2} points; Central third, with 28 points; Lincoln fourth, with 25 points, and York fifth, 22 points. Every member of the team made a good showing, and five out of the eight who went won points. This is the best showing made by St. Joseph High since 1902, and as few of the men graduate this year, the prospect for next year is exceedingly bright.

Let us hope, that the coming athletes, inspired by the records in the past, made by Barnard, Street, Tom McDonald, Boder, Lewis, and Bentley will train faithfully to raise "Old High" to the position formerly held by her.

THE AUTOBIOGRAPHY OF FRANK H. SHACKELFORD, JR.

Saint Joseph, Missouri, may or may not be proud of being my birthplace; it matters little; and even though it may seem a bitter pill to her, I pray she may take it kindly, and hope for better things to come. I got started wrong. Nature was "sore" at me from the beginning. She marked me down as one of those doomed infants upon which she tries every known infantile disease, just to see how they work. For quite a while she had me guessing, but I scoffed at her and bethought me of the great Newman, who, when lying at the point of death, exclaimed, "I shall not die now! I am destined to accomplish greater deeds." This thought inspired my fevered brain, and I lived on, as I am here to witness. You may be surprised to learn that I was a precocious infant, dear reader. I learned to talk before I walked, which is, if you have any recollection of your early experience, a very difficult stunt; but anyone may accomplish it by my patent method of refusing to walk until I had learned to talk, an act in which Nature again warmly assisted.

The time was now drawing nigh, I felt, for me to make a mighty stir in the world—to cultivate my talents and prepare for my high destiny. Art, nothing less, was my first fad. Even at that early date I could feel the soul of the artist speaking through his handiwork, for I held interesting conversations with the flowers in the carpet for hours at a time. I scored my next successes in oratory and music; "The Widow Murphy's Pig" and "After the Ball Was Over," being my favorite and frequently rendered selections.

My readers may have already inferred that now as I was about to enter school, the kindergarten would have been superfluous to an intellect such as I possessed, and so I myself pondered in my heart, and, being of a stubborn nature, this part of my life was spent at home in philosophical research. But soon the time was at hand for me to begin making my scratch on the globe, so accordingly, at the age of six I was received with ovations into the Garfield School, which institution, in about one or two semesters, bade me a sad farewell to the Jackson School, where I found that my fame had already preceded me. There I tried to mold my own character, in which I was encouragingly assisted from time to time by the none too artistic fist prints of my rivals, with timely suggestions.

John Beaupeur and I escaped the final "exams" on graduation, he by merit, I by "reputation" merely; that magic word which, I am told, will accomplish wonders when exercised with proper precaution.

The reader will now probably have noticed, that as I approach the neighborhood of my present conditions, those numerous instances of brilliancy which I was proud to relate of my childhood are becoming less numerous, until, now that I am a "young man" in High School, I fear that my sun is about to set. Often have I expressed the hope of graduating at the alloted time, but I feel deep down in my heart that the hour in which my High School days are ended will be indeed a sad one. Youth is the time of unmixed joy, when responsibilities are few and cares are light, so let us enjoy it while we may with all the fiery blood in our veins.

With regard to my aspirations, I would say, that they have in a way grown out of my earliest cogitations, and have not even yet narrowed down to any definite, fixed purpose; as to whether they are high or not, the reader may judge. If such combination as art, or culture, and the "simple life," could ever be made remunerative, I would welcome it gladly. The question of subsistence is an important one. It is my earnest hope that mine shall never descend to a simple bread and water diet, in the employ of the government. Outside of that, and poverty, I could easily be content.

AN IMPORTANT STUDY

That should not be overlooked in the mental equipment of every ambitious young person is the habit of saving, a habit which if cultivated in early life becomes a second nature as age progresses, and when properly acquired and applied will contribute to an important degree in making the life of any person successful and happy, while on the other hand, if neglected will surely lead to failure and remorse. Ask yourself “AM I SAVING ANYTHING?”

We pay 3% Interest on Savings Accounts.

HIGH CLASS PHOTOGRAPHY
A RECORD BETTER THAN A PROMISE

We have done the High School work for three successive years

1905
LET US SEE WHAT THE MANAGEMENT SAYS:
To whom it may concern:

The photographic work done by Mr. Shrader for the "Senior Annual" far exceeds any work of like character ever done for any High School publication. He is persevering in his efforts and determined to satisfy his customers. We feel satisfied that those who patronize him will have no room to find criticism with his work.

Respectfully,

JOSEPH H. ROBERTS, Editor.
CARYL A. POTTER, Business Mgr.

1906
LET US SEE WHAT THE MANAGEMENT SAYS:
To those interested:

We have received better engravings and better work in general from the work done by Mr. Shrader this year. He has tried hard to give us the best, and we can say that he has succeeded.

Respectfully,

JOHN BEAUMONT, Editor.
WAYNE NELSON, Manager.

1907
Let us read what the "Class" says:

The pictures suit me in every particular.
Ben. H. Cody
Perfectly satisfactory.
Stella Brokaw
Very nice indeed.
Rev. J. T. McDonald
Perfectly satisfactory.
Myrtle Elliott
All O. K.
H. Dubach
I am perfectly satisfied.
Edward Henry Eckel, Jr.
Very nice indeed.
Henry Friede
As perfect as it could be desired.
Edward Henry Eckel, Jr.
Satisfied.
Mabel Peterson
I am very much pleased.
Eula Freeland

I am very much pleased.
Ora Halsted
Just fine.
Lolita Crowther
Am much pleased with pictures.
Mrs. W. C. Boteler
Could not be any better.
Sylvia Liberman
Perfectly satisfied.
Bethine Barman
Perfectly satisfied.
Eloise Boone
Very much pleased with pictures.
Lydia Calvert
Very well satisfied.
Florence S. Brewster
Perfectly satisfied.
P. M. Mattill
Just dandy.
Verna Walker
Very much pleased.
P. G. McGinnis

Like 'em very much indeed!
Frank W. Smith
I am perfectly satisfied.
Aspha Kessler
All O. K.
C. S. Floyd
Well pleased.
Perry A. Vegeley
Satisfactory.

Perfectly satisfied.
E. J. Stine
Perfectly satisfied.
John Mohler
All right.
Kitty Tymon

Fine.
Caroline Becker
Satisfied.
Marguerite Schwab
Well satisfied.
Beaie Miller
Perfectly satisfied.
Gertrude Petry
Very well satisfied.
E. Mildred White
Very well satisfied.
Melvin E. Binswanger
Work entirely satisfactory.
Guy Stockton
O. K.
Mildred Leonard
Very good.
Elmer Penney

All right.
Harvey Tedrow
Naomi Nelson
Frank H. Shuckelford, Jr.

Perfectly satisfactory.
Gladys Mall
Albert L. Bartlett, Jr.
Mildred Kemper

What the Management Says

To whom it may concern: All the pictures, both individual and groups, made for the High School Annual by Shrader, the Photographe, were highly satisfactory. We hereby recommend him for his careful and artistic work at reasonable prices, to any who desire to have their pictures made.

Oliver Steed, Editor.
William N. Bartlett, Mgr.
