SECTION 1- GENERAL SCHOOL INFORMATION

WELCOME AND PURPOSE OF THE HANDBOOK

Welcome to Milford Area Public Schools District #124. The policies and procedures contained in this handbook are the result of a concerted effort on the part of the faculty, the administration, and the citizens' advisory committee. This information was carefully prepared and presented so that it would be of great value to you.

The ultimate purpose of education is to help each student become an effective citizen, and we hope that you will participate in our varied activities. This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. The Board's comprehensive policy manual is available for public inspection at the MAPS #124 Office. The Superintendent, with input from the parent-teacher advisory committee, shall prepare discipline rules implementing the District's disciplinary policies. These discipline rules shall be presented annually to the Board of Education for its review and approval. A student handbook, including District disciplinary policies and rules, shall be distributed to the students' parents and guardians within 15 days of the beginning of the school year or upon a student's enrollment.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

- 1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.**
- 2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.**

- 3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.**
- 4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.**
- 5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.**
- 6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.**
- 7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.**
- 8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.**
- 9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.**
- 10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.**
- 11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.**
- 12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.**

School Visitors

We are very happy to have parents at school. It is a sign of interest in their child's performance as well as the school. However, all visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform the office of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school. If non-enrolled children are visiting, their attendance needs to be pre-arranged with the teacher and the administration.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or **function (including using cellular phones in a disruptive manner).**
12. **Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.**
13. **Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.**
14. **Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.**
15. **Violate other district policies or regulations, or a directive from an authorized security officer or district employee.**
16. **Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.**

Visitors are expected to abide by all school rules during their time on school property. **A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.**

Chaperones

Parents are the first choice for chaperones for field trips and each trip has a limited number of spaces available for chaperones. Teachers will determine the number of chaperones needed for each field trip and will notify parents if they are selected to be a chaperone.

When chaperoning a field trip, parents will be required to supervise a group of students, abide by all school rules/policies, and must be willing to take direction from the teacher. In addition chaperones will be required to pay any fees for the trip and may not bring other children or adults not chaperoning along. Bus transportation for chaperones is not guaranteed and depends on student numbers. Please plan on providing your own transportation.

Overnight chaperones will be required to have a background check, paid for by the district, turned in two weeks prior to the trip.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact, Michelle Sobkvoviak, Principal.

Animals on School Property

In order to help in student health and safety, no animals are allowed on school property without approval from the administration. Please do not bring animals to extracurricular events including football, baseball, and softball games and track meets. An exception to this may be: a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact Mrs. Sobkoviak.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Lost and Found

All lost and found items should be turned into and claimed at the office. Each quarter, students will be given the opportunity to go through the Lost and Found to retrieve their lost items. At the end of each quarter, items not claimed will be donated to a local charity. Parents are encouraged to label students' jackets, sweatshirts, lunchboxes, and other important items to avoid loss.

Invitations & Gifts

Students are not allowed to bring in and pass out invitations, gifts, or treats unless all students in that class receive one. School law prohibits the distribution of student names and addresses.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to local radio stations to be advised of school closings or early dismissals. Radio stations WHPO 100.9 of Hoopston, WGFA 94.1 of Watseka and WCIA Channel 3 will announce the cancellations when necessary. Please refrain from calling the school and radio stations so that phone lines can be kept open to notify others as needed. MAPS #124 will also send out a School Messenger notification with information regarding closings or delayed start times.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically cancelled.

NOTE: During the County Tournament or State Tournament, open gym (for participants of that scheduled event) may be held, provided permission from the principal has been obtained and weather permits. The athletes will not be required to attend. Tournament games may be played when school is not in session, if weather permits.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify Mrs. Sobkoviak at (815) 889-4174.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- A. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- B. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- C. Sign the Diabetes Care Plan.
- D. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, can be obtained from the school office.

SECTION 2- ATTENDANCE AND PROMOTION

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Cross-reference:

PRESS 7:70, *Attendance and Truancy*

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the principal. All other absences are considered unexcused.

The Every Student Succeeds Act (ESSA) also makes attendance an important factor in determining a school's success. At the grade school level, during the 2019-2020 school year, the Illinois State Board of Education will "grade" MGS in two categories: Academic Indicators (75%) and Student/School Success Indicators (25%). In the Student/School Success Indicators category, ten percent (10%) of the twenty-five percent (25%) total will be focused on Chronic Absenteeism.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent or guardian is required to call the school at 815-889-4174 to explain the reason for the absence. If a call has not been made to the school by 9:15 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Students at Milford Grade School are allowed 5 days of absence per semester. However, any absence from school that is due to any doctor appointment, being under a doctor's care, summons to appear in court, or family bereavement will not count as part of the 5 day limit. Doctor's notes or other documentation are required for absences to be excused for those reasons. Students with serious medical problems will receive special consideration; homebound instruction programs may be established.

If parents choose to take their child on a vacation when school is in session, those days will count toward the 5 absences allowed per semester and missed work is due on the first day back from the vacation.

Tuancy

Student attendance is critical to the learning process. Tuancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who become chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

With the aforementioned in mind, it is the goal of Milford Grade School to have each of its students reach the 95% attendance mark; therefore, students at Milford Grade School may not miss over 5 days of school during the course of a semester. Any student who is absent for **fifteen (15)** consecutive days without authorization will be dropped from Milford Grade School. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Cross-reference:
PRESS 7:70, *Attendance and Truancy*

Tardiness

Students are to be in their assigned classroom and in their proper seat before the 8:00 AM bell rings. Failure to do so is considered tardiness. After a K-8 student is tardy for the 3rd time, he/she will not have recess (each time they are tardy) for the remainder of the semester. These accumulated tardies are eliminated and start at zero for the 2nd semester. The (Jr. High) classroom teacher will deal with tardiness to each period; three tardies to class will be a detention. Student's that are tardy to school must be signed in by a parent/guardian in the MGS office upon arriving at school.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Cross Reference:

PRESS 7:80, *Release Time for Religious Instruction/Observation*

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. If an excused absence is granted, the student has 2 days for each missed absence to make up work. In order to receive credit for missed work if the student is suspended from school, the work must be turned in on the day the student returns to school. Students who are unexcused from school will not be allowed to make up missed work. If parents request missed work while a student is absent, we ask that parents call by 9 a.m. We will make every effort to have the work in the office no sooner than 3:00 p.m. on the requested day. 24 hour notice is appreciated.

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the

child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact Mrs. Sobkoviak.

Exemption from Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in this handbook.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course: the time of year when the student's participation ceases; and the student's class schedule.

Grading and Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score; in some instances the letter grades for each nine weeks may be used to calculate a student's final grade.
- The teacher agrees to allow the student to do extra work that may impact the grade
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the recorded change. The A-F point scale is used to ensure that only 25% of a student's grade each quarter may be used for promotion.

Mid-term reports for students in grades 1-8 are available upon request, otherwise parents can check grades online through **Skyward**. The link is on the school's website.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance. All students in District #124 must pass ELA and Math in order to be promoted to the next grade level. In addition, please note the following grade level-specific requirements:

Kindergarten: A student must possess all the necessary skills to begin 1st grade.

First Grade: A student passes yearly average in ELA and Math

Second-Eighth Grade: In addition to ELA and Math a student must pass two of the following: science, social studies, PE.

Students with IEPs promotion policy:

Retention of any student with a disability will be determined by her or his IEP team. No student with a disability shall be retained if her or his achievement is commensurate with her or his ability.

Students in the RtI process promotion policy, taken from the RtI Policy and Procedure Manual from ISEA (RtIPPM):

Although some people view RtI as a general education initiative (**RtIPPM** p. 12), the practice of RtI is a required process for special education eligibility decision-making (CRF 300.309 and 23 IAC 226.130) (**RtIPPM** p. 6). Students are no longer eligible for special education simply because they are behind peers. Students may be behind for reasons other than having a disability. Some may have lacked the opportunity to learn or have lacked explicit, systematic

instruction. The goal of Rtl is to provide special education for those with a true disability and those that need similarly intensive instruction to make adequate progress (**RtIPPM** p. 6). According to school code, retention of students in special education is an IEP team decision. Given this information and the information above regarding the relationship between Rtl and special education, students who are in the Rtl process and are making adequate progress (as described in their intervention plan developed by the Rtl team), will not be retained.

Other Promotion Considerations

Assessments that *may* be used to determine promotion/retention in grades 1-8 are: District Assessment scores for test 3 or 4 and PARCC or other assessments as determined by the administration. The administration will determine remedial assistance for a student who is not promoted.

Eighth Grade Promotion Assembly

Students in 8th grade that meet the requirements of promotion will be eligible to participate in the end of the year promotion assembly. The assembly will take place during the regular school day as per District #124 Board of Education decision in 2015. Details will be sent home in May of each school year with information regarding the assembly.

Grading Scale

The following is the grading scale used in grades 1-8 at MGS:

A	92-100	D	73-65
B	91-83	F	Below 65
C	82-74		

Honor Roll- Junior High

An honor roll will be published at the end of each nine weeks indicating those students who have made significant academic progress during the past grading period. **Honor Roll will be based on all classes that receive grades.** Any D or F on a report card will prohibit a student from receiving an award. The categories of awards are as follows:

Principal's Award: Students who earn a 4.0 in all classes (Students who receive this award at least one time throughout the year will be invited to the Principal's Breakfast at the end of the school year.)

High Honors: Students who earn a 4.0 in all academic classes

Honors: Students who earn a 3.99-3.50 in all academic classes

Honorable Mention: Students who earn a 3.49-3.00 in all academic classes

Improvement Award: Given to students during 2nd and 3rd quarter. Students who improve one letter grade and do NOT go down a letter grade in any class.

Perfect Attendance: Students will be recognized each quarter at the assemblies. A certificate will be awarded to students who receive Perfect Attendance for the entire year. To receive this end-of-the-year award, students must be present all day everyday.

Study Hall

Students in the junior high (grades 6-8) will be required to complete all work. The following has been implemented to help students to complete all work.

1. All students will have a mandatory 30 minute study hall each day of the week.
2. The purpose of this mandatory study hall is to provide additional time to complete work not finished the night before AND to provide additional instructional help, if needed.
3. A list of students who have missing work will be maintained on a document shared by all Jr. High teachers and the administration.
4. Students will be required to complete missing work listed in the shared document within that study hall period.
5. The list of students and missing work will be updated daily by teachers.
6. The student will receive:
 - a. **1st Quarter- 92%** credit if the work is turned in within 5 school days (for example, a student receives a grade of 75 on the late assignment-the recorded grade would be a **69** which is **92%** of the actual grade).
 - b. **2nd Quarter- 83%** credit for turned in and graded work the second nine weeks,
 - c. **3rd Quarter- 74%** credit for turned in and graded work for the third nine weeks
 - d. **4th Quarter- 65%** credit for turned in and graded work for the fourth nine weeks.

Again, in order for the student to receive partial credit, it must be turned in within 5 school days. This allows the student five study hall days or less, if it is a shortened week, to receive help that he/she may need to complete the work. If not completed in that time period, the student will receive a zero for the assignment.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level. On an average night for the average student, a first grade student will have 10 minutes of homework, and at each subsequent grade level an additional 10 minutes of work should be expected. (For example, a 6th grade student should have approximately 60 minutes.) This will vary from night to night; however, on the average this is what will be expected of our students.

All assigned homework must be completed and handed in when the teacher requests. No credit will be given for homework not handed in when requested. If the problem persists, a parent/teacher conference will be set up.

Students in grades 5-8 will receive a Daily Assignment Notebook to record their assignments for each class. The Daily Assignment Notebook should be taken to each class and students should write down all assignments, even if the assignment was completed in class. This is a great communication tool between parent, student, and teacher. Please check Assignment Notebooks nightly.

Students who lose, damage, or deface their assignment notebook will be responsible for purchasing a new one from the school. Failure to bring the Daily Assignment Notebook to class may result in one academic detention.

SECTION 3- STUDENT FEES AND MEAL COSTS

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, chromebooks, and/or other equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to Mrs. Sobkoviak.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

SECTION 4- TRANSPORTATION AND PARKING

Bus Transportation

The district provides bus transportation to and from school for all students living within the designated areas and for extracurricular trips. A list of bus stops has been determined by the district and parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up and dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in writing in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building assistant principal or principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact Mrs. Sobkoviak.

Bus Conduct

Students are expected to follow all schools when riding the school bus. A written report will be sent home if a student fails to comply with the bus regulations. This may result in change in seating assignment, temporary suspension from the bus, or permanent removal from the bus (upon recommendation from the Superintendent, Principal, or Assistant Principal). A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.

3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

Most of the time, depending on the infraction, the student will be warned the first two times in writing and the third infraction will result in suspension from all riding privileges for three days, five days, ten days or referral to the school board for possible removal for the remainder of the year.

If the student receives a temporary bus suspension, the student is still expected to attend school. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Be on time at the designated bus stop. Wait until the bus comes to a complete stop before boarding and do not move toward the bus when boarding at school until the bus stops completely and the door is open.
2. Once a student boards the bus on the AM route, the student is not to leave the bus without proper parental permission. The bus driver needs to speak with the parent or guardian in order for the student to get off the bus prior to arriving at school. If the student leaves the bus without following these procedures, he/she may be subject to discipline for inappropriate bus conduct.
3. Help keep the bus clean. Take all your belongings with you. No eating, gum chewing or drinking allowed on the buses.
4. Loud talking, unnecessary laughing and general confusion are very distracting to the driver and could result in an accident. Use normal conversational tone while riding.
5. Treat the bus equipment as you would valuable furniture in your home. Students will be responsible for any damage.
6. Keep all objects out of the aisles while the bus is in motion.
7. Never leave your seat when the bus is in motion.
8. Be courteous to fellow students and to the bus driver.
9. Everyone is to be absolutely quiet when approaching a railroad crossing.

10. In case of an emergency, remain in the bus until the bus driver gives you directions.
11. Be alert to a danger signal from the driver during the bus trip.
12. Bus drivers will only stop at regular bus stops unless they have proper authorization from the school.
13. Everyone is to keep their hands to themselves: No fighting- verbally or physically at anytime.
14. Students that are K through 8th will sit in the front of the bus and high school students will sit in the back of the bus. The bus drivers will assign seats.
15. No balloons or glass vases are allowed on buses.
16. Headphones are allowed as long as they cannot be heard by anyone else.
17. When students arrive, go directly into the school.
18. Students should be dressed appropriately when riding the bus in cold weather.
19. Cell phones are not to be used without permission. They may be used for an extracurricular event to notify parents of approximate time of arrival. Cell phones are never to be used to take pictures or video.
20. Also see Board Policy 7:220
21. No littering (throwing things out the window).

Parking

Visitor parking for MGS is located in the front parking lot. To ensure the safety of our students, especially during recess times and other outside activities (PE, etc.), please do not use the West parking area (up the hill in back of Milford Grade School) during regular school hours. Afternoon preschool will pick up and drop off in the front of the school.

Vehicles MAY NOT be parked or located in the bus lane or fire lane at ANY TIME.

SECTION 5- STUDENT HEALTH AND SAFETY

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunization

All students are required to present appropriate proof of a health examination and immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Cross Reference:

PRESS 7:100 *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*

Screenings

Milford Grade School will conduct hearing and vision screenings for students in certain grades each school year. The hearing and vision screenings are not a substitute for a complete evaluation by a doctor. Children are not required to undergo the vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.

Accident Insurance

The school provides you with the opportunity to purchase accident insurance at the beginning of each year. The school is not an agent of the company but merely provides the parents with the opportunity to purchase this program at a reduced rate. If your child is participating in extracurricular athletic programs, you are required to have student accident insurance or to have on file a signed insurance waiver indicating that the parent has sufficient insurance coverage for accidents. All accidents taking place on school property, during transit to school, or at school should be reported in written form to the office at the earliest possible time.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian.

This form shall be completed annually by the student's parent(s)/guardian(s) and physician and shall be on file at the school. This form shall be filed prior to dispensation of any medication to a student, and the form shall specify the times at which the medication must be dispensed and the appropriate dosage. Medication must be brought to the school office in the original package or appropriately labeled container.

No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice

Milford Grade School will conduct periodic lice checks, beginning the first week of school and continuing throughout the year.

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.

2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written information to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

Students will have no more than two excused days of absence to remedy the situation and will be rechecked after 7 days to insure that the problem does not reoccur.

RASHES

Undiagnosed Rashes: All students with an undiagnosed rash, that persists for more than 24 hours, must be seen by a physician and are required to present to the school a signed note stating that the rash is not contagious to other students. Students will have no more than 3 days excused for diagnosis. Absences for diagnosis after three will be unexcused.

Diagnosed Rashes: Students with the following physician diagnosed rashes must comply with the Illinois Communicable Disease Guidelines provided by the Illinois Department of Public Health.

1. **Scabies-** “Exclude case from school until the day after the first scabicide treatment.”
2. **Chickenpox:** “Cases must be isolated and excluded from school for not less than five days after the eruption of the last vesicles or until all vesicles become dry.”
3. **Impetigo:** “Exclude case from school until 24 hours after treatment begins.
4. **Ringworm:** “Exclude case from school until 24 hours after treatment begins and the lesion begins to shrink, unless the lesion can be covered; a child need not be excluded if lesion(s) can be covered.

All students diagnosed with other rashes will also comply with the Illinois Department of Public Health Guidelines

PINK EYE (CONJUNCTIVITIS)

Students will be excluded from school until 24 hours after treatment begins or child is examined by a physician and approved for readmission to school.

All students with other health concerns or potential communicable diseases may be seen by the school nurse and appropriate recommendations will be made in accordance with the Illinois Department of Public Health.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify Mrs. Sobkoviak at (815) 889-4174.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal.

Parents/guardians are responsible for and must:

- E. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- F. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- G. Sign the Diabetes Care Plan.
- H. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Care of Students with Asthma

If your child has asthma and requires assistance with managing this condition while at school and at school functions, an Asthma Action Plan must be submitted to the building principal and nurse. Parents/guardians are responsible to have this action plan updated at least annually, if not more often during the school year as changes are needed or prescribed by a physician.

Guidance and Counseling

The purpose of the School Counselor is to assist students with their social emotional, academic, and career needs. Milford Area Public Schools offers short-term individual and group counseling to students when the need arises. Parents/guardians or school staff may refer students to the school counselor or students may request to see the school counselor themselves. Should it be determined by the school counselor and/or building principals that more extensive services are necessary, it will be the responsibility of the parent, with assistance from the counselor, to arrange for outside counseling services.

5. **During periods of remote learning**

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Loss of recess.
4. Withholding of privileges.
5. Temporary removal from the classroom.

6. Return of property or restitution for lost, stolen or damaged property.
7. In-school suspension.
8. After-school detention provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
9. Community service.
10. No Contact Order.
11. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
12. Suspension of bus riding privileges.
13. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
14. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
15. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
16. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Detention at MGS

Detentions may be given at the discretion of the faculty, staff, or administration. The person issuing the detention will make an attempt to contact the parent first by phone and then via email (if can't be reached by phone) to discuss the detention. The staff member will also send home the detention form. If the staff member is not able to reach a parent, he/she will leave a message and send the detention form home. In either case, the parent must sign and return the detention form.

Academic detention: Issued by the classroom teacher for reasons relating to school work/homework.

Behavior detention: Issued by faculty, staff or administration for reasons relating to the student's behavior and choice to not abide by the conduct rules of MGS stated in this section of the handbook. Students who accumulate three (3) behavior detentions will receive one (1) day of In-School Suspension.

Detention is held on Tuesday and Thursday after school from 3:10 p.m. - 3:55 p.m. If parents are not able to arrange transportation, students may serve detention during lunch time. If this

option is used, students will serve three lunch periods for each detention. Detention must be served on the first available day after the detention was issued.

If a student skips a detention, another detention will be issued and he/she will not be able to participate in any school activities until both the initial and the skipped detention is served.

Alternative Education

At times it is unfortunate, but necessary, to exclude students from attending classes for disciplinary reasons. Alternative Education will be served at the discretion of the administration. Alternative Education may include, but not be limited to, time-out, office supervision, or in-school suspension. While serving Alternative Education, students will remain in their assigned area during class periods and will eat lunch in a designated area in the cafeteria or other specified location. Office supervisors will allow students restroom privileges as needed.

A student serving Alternative Education (office supervision or in-school supervision) may not participate in any extracurricular or athletic activity but may participate in a practice.

DISCIPLINE - Suspension

The Superintendent, Principal, and Assistant Principal are authorized to suspend students guilty of gross disobedience or misconduct from school (and all school functions) for a period not to exceed ten (10) school days. The students and/or parents are due the following procedural protections:

1. Prior to suspension, the student shall be provided oral or written notice of the charges. If the charges are denied, the student shall be given an explanation of the evidence against him/her and an opportunity to present his/her version of the incident.
2. Prior to notice and hearing as stated above may not be required and the student immediately suspended, when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases the necessary notice and hearing shall follow as soon as feasible.
3. Any suspension shall be reported immediately to the parents or guardian of the student. Such report shall contain a full statement of the reasons for the suspension and a notice to the parents or guardian of their right to review. Also, a copy of the notice shall be given to the Board of Education.
4. Upon request of the parents or guardian, a hearing shall be conducted by the Board or a hearing officer appointed by it to review the suspension. At the hearing, the parents or guardian of the student may appear and discuss the suspension with the Board or its hearing officer. If a hearing officer is appointed by the Board he/she shall report to the Board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the report of the hearing officer, the Board may take such action as it finds appropriate.

2. The Board shall provide written notice to the parents or guardian of the time, place, and purpose of the hearing by registered or certified mail and request the appearance of the parents or guardian at the expulsion hearing.
3. During the expulsion hearing, the student and his/her parents or guardian may be represented by counsel, present witnesses and other evidence on his/her behalf, and cross-examine adverse witnesses. The expulsion hearing shall be a divided proceeding. First, the Board or hearing officer shall hear evidence on the issue of whether the student is guilty of the gross disobedience or misconduct charged. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt. If the Board finds the student guilty of the gross disobedience or misconduct as charged, it shall then hear evidence on the appropriate level of discipline to be meted out. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide whether expulsion or some lesser form of discipline shall be imposed upon the student.

Gross disobedience or misconduct of students shall include, but not be limited to, extreme or repeated instances of the following:

1. Disobedience of directives from staff members or school officials and/or rules and regulations governing student conduct.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with

one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of

bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Harassment Prohibited

No person, including a school or school district employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity[1]; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. SECTION 7- INTERNET AND TECHNOLOGY

MGS provides these policies in documents separate from this handbook.

Internet

Each student and his/her parent must sign the “Student Authorization for Access to the Districts’ Electronic Networks” form and the “Acceptable Use Policy” before being granted access to the internet. This authorization does not attempt to state all required or prescribed behavior by users. However, some specific examples are provided. The failure of any user to follow the terms of forms will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Annual Notice to Parents about Educational Technology

Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois’ Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student’s information or from engaging in targeted advertising using a student’s information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information

- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. If possible, the notice should also include the web address of the original source.
- b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.

- e. Student work may only be published if there is written permission from both the parent/guardian and student.

- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The information in the Student Authorization for Access to the District's Electronic Networks is an extension of the student handbook/employee manual and is not all inclusive. Administration reserves the right to make additions to these guidelines. The failure of any user to follow the terms of the Student Authorization for Access to the District's Electronic Networks will result in the loss of privileges, disciplinary action, and/or appropriate legal action. SECTION 8- SEARCH AND SEIZURE

Search and Seizure

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies.

The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. **School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.**

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension. **A student serving**

Alternative Education (office supervision or in-school supervision) may not participate in any extracurricular or athletic activity but may participate in a practice.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to extracurricular and athletic activities with his or her team by use of school approved transportation. Exceptions to this would be for the following: solo and ensemble, music organizational contest, track meets, speech contests, and medical appointments and are all subject to approval by the administration.

Students may be signed out with the coach after an event by a parent/legal guardian. If a student will be leaving with someone other than the parent/legal guardian prior written approval must be given. Parents must fill out the approved form 24 hours in advance and turn it into the office. The administration will sign the form and give it to the coach. The coach can not approve this the night of the contest and oral permission can not be granted.

Home Games in Sheldon

Because bus transportation is provided from Sheldon to Milford after home games and so that we can ensure all students are safe and accounted for, athletes must sign out from contests in Sheldon. Same travel rules apply as above.

Code of Conduct

As already stated in this handbook, hazing and bullying are prohibited- including when participating in athletics and extracurricular activities. In addition, District #124 and the activity directors may prescribe additional regulations to its by-laws, including: drugs, alcohol, and tobacco and other rules that must be followed in order to participate in a specific activity. Parents will be made aware of these activity-specific rules at a parent meeting with the coach at the beginning of each season. Parents must sign off on the rules before a student can participate.

Hazing

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate.

Bullying

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Dress for Activities

Milford Grade School students are representatives of our school at extracurricular events/contests and will be expected to dress appropriately. Coaches will inform students what the appropriate attire will be for their sport/activity. Parents will be informed of the expectations during the parent meeting at the beginning of each sport or before other extracurricular activities.

Primary Sport Expectation

There are times when sports/activities overlap throughout the year. The first activity that the student participates in is considered his/her primary activity. Therefore, if there are two extracurricular activities on the same night, the student would be required to attend the primary event. **Exceptions may be made by school administration based on extenuating circumstances.**

Sportsmanship for All

It is important to remember that school athletics are learning experiences for students and mistakes are sometimes made. Parents and staff need to praise student athletes in their attempt to improve themselves as students, as athletes, and as people.

During contests, some examples of showing sportsmanship are:

- Understanding that officials are doing their best to promote the student/athlete and admiring their willingness to do that in full view of the public.
- Using cheers that uplift the teams/individuals involved.

A ticket to the game is a privilege to observe the contest. Please be respectful and refrain from verbally assaulting others: other fans, umpires/referees, coaches, etc.

If a spectator or participant is found to be in gross violation of the ethics of competition or the principles of good sportsmanship, he/she may be barred from interscholastic athletic contests or

other events, either as a participant or spectator, or both. This person may also be required to meet with the Board of Education.

Lastly, the use of any controlled substances (alcohol, drugs, etc.) before, during, or after (on or near the site of) the event will not be tolerated.

Attendance at School Dances

Attendance at school-sponsored dances is a privilege. Dances are made available for 6th -8th grade students throughout the year (5th grade students are invited to attend the last dance if they are eligible). Incentive criteria are set for each dance and include discipline, grades, and attendance. Students are informed of their eligibility by the Thursday before the Friday dance.

Only students who attend Milford Grade School may attend school-sponsored dances and all school rules, including the school's discipline code, cell phone policy and dress code are in effect during school-sponsored dances.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Students may only arrive late or leave early if they are signed in/out by a parent/guardian.

Attendance at District Sponsored Events

Attendance at district sponsored events is a privilege and all MGS students are encouraged to attend. When attending athletic events, students should sit in the designated student section or with parents/guardians. When attending any district sponsored activity, students are expected to watch the event and refrain from horseplay in lobbies, hallways, parking lots, or any other area. Students should remain in/at the venue during the time the event is taking place. MGS students are expected to support their peers in their endeavors by watching, cheering, and engaging in the activity in an appropriate manner. Students displaying and/or engaging in inappropriate behavior at these events may be subject to disciplinary action as outlined in this handbook. A student must also be in attendance during the school day to attend a district sponsored activity unless otherwise approved by administration prior to the event taking place.

Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois Elementary School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 school days of the day the District receives a request for access.** The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 days, the principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.** A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be send to the building principal and should clearly identify the record the parent/guardian or eligible

student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent. Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.**

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.** The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student

temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

5. **The right to prohibit the release of directory information.** Throughout the school year, the District may release directory information regarding students, limited to:

Name

Address

Gender

Grade level

Birth date and place

Parent/guardian names, addresses, electronic mail addresses, and telephone numbers

Major field of study

Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

6. **The right contained in this statement:** No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

7. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**
