## PARENTS AS TEACHERS

### *P.A.T. Parent Educators:*

This is a program which is useful for *all* parents and caregivers of preschool children. Parent educators meet with families individually and lead group meetings for families with infants and toddlers ages birth-five.

**Parents are their children's first and best teachers,** but none of us have all the answers when it comes to raising kids! Trained parent educators provide developmental information, activities and parenting tips which make the job easier and more fun.

**Contact us at:**  
Plainfield Family Resource  
651 Norwich Road  
Plainfield, CT 06374  
**860-564-6411**
