## COLLEGE ESSAY WORKSHOP

*Medway High School Staff*

This intensive workshop will provide students with the time and opportunity to begin their college essay before senior year is in full swing. Whether students have a rough draft, or no idea what to write about, this workshop will help them brainstorm topics and move forward with a plan. Participants will work individually and in groups with dedicated teachers to develop, write and refine essays in their authentic voices. In addition, there will be opportunities to learn more about specific topics, such as college interview etiquette and preparation, scholarship opportunities, and how to be social media savvy. Students will leave with an essay, as well as an invitation to join a social media group for access to ongoing resources and support. Join us with ideas, questions, and enthusiasm to make the most of this workshop and get ahead in the college process. Please bring lunch to each session.
